Untod Jap Loot Hunted By Allies

Garages Entered

Police Probin Break-Ins Hre Over Weekend

Three service stations re entered during the week, an attempted break-in was ade at a fourth garage, and one private home was reported bken according to police reports onday.

The investigation brou was checking on the activities three juveniles in connection in the offences. One automob was stolen and the other break-ins yielded loot that ranged from a few pennies to a couple of keys.

An automobile owned Max Rabinow, 10050 114 street, was taken from the premises of Edmonton Motors, 115 street and Jasper avenue after the garage had been entered through a west window late Sunday afternoon. The car is a black, 1941 sedan, with license number 1-844.

An attempt to enter a garage at 9851 111 avenue failed after a small pane of glass near the lock on one of the doors had been broken. Another pane of glass was broken in a door leading to the workshop, but this failed to yield entrance.

About 20 pennies and 10 keys were missing from the till of a garage at 11605 Jasper avenue after entrance had been gained Sunday night by smashing a window pane, enabling a chain to be reached which opened the window.

NOTHING TAKEN

Nothing was taken from a garage on 103 avenue and 124 street which was entered through an ea window.

Cameron Perrault, 11924 9 street, told police his house had been entered between 7 p.m. and 2 p.m. Saturday. Drawers and cupboards had been ransacked and $2 worth of pennies taken. Complainant returned to his home to find all lights blazing.

Legion Asks Fo Needed Materials

That priorities be issued immediately for release of plumbing and other essential building materials needed to complete wartime homes for veterans in Edmonton, was urged in a telegram from Edmonton Branch No. 24 of the Canadian Legion, BESL, to Donald Gordon, head of rental control, currently visiting Calgary.

The telegram further urged the making available of plumbing fixtures at the former Penhold flying training station, which has been closed down for some time.

The Legion officials informed Mr. Gordon that the housing situation in Edmonton is "much worse" than has been represented to him.

So serious is the situation that if no definite assurance is forthcoming from Dominion authorities on release of needed building supplies within the next few days, a special meeting of the Edmonton Legion branch will likely be held on Tuesday next to formulate plans of action, a Legion official stated Sunday.

Railway Strikers Called Into Army

HELSINKI, Oct. 1.—(AP)—All locomotive firemen and drivers were called yesterday for military training, a few hours before a scheduled strike of 4,000 men which would have tied up all of Finland's railways. As a result of the call, strikers now can be ordered to work, government sources said.

HEADQUARTERS ALLIED ARMY OF OCCUPATION, TOKYO, Oct. 1—Allied occupation authorities, aided by economic experts specially called in for the purpose, today sought clues to Emperor Hirohito's vast fortune and the fate of stolen Philippines, Chinese, Malayan and Dutch East Indian money.

Untold millions of dollars in gold, silver and currency which Japan wrested from the lands it over-ran in its try for world domination are sought in the records of 21 major Japanese financial institutions worth $1,300,000,000 which have been taken over in a surprise move by the Allies.

Gen. Douglas MacArthur's troops occupied and closed 20 offices of the 21 banks and development companies in seven cities last night in a lightning move that smashed the financial and economic spearhead of Japan's overseas imperialism.

Financial institutions in seven of Japan's principal cities were taken over by the Allies.

MAIN PURPOSE

General MacArthur announced that the main purposes of all 21 financial institutions seized by his troops had been the financing of

Ile de France Docks in East This Afternoon

HALIFAX, Oct. 1.—(CP)—The troopship Ile de France, bringing back 9,785 Canadian veterans of the war in Europe, sailed up Halifax harbor at 1:40 p.m., MST today.

HALIFAX, Oct. 1.—(CP)—The Troopship Ile de France, carrying more 1st Division units, is expected here about 2 p.m., MST, today.

The Ile de France, following on the heels of the liner Nieuw Amsterdam, which brough 7,744 veterans home Saturday, carries, among others, The Loyal Edmonton Regiment, the Princess Patricia's Canadian Light Infantry, and the Seaforth Highlanders of Canada.

A noisy welcome was given the ship, including the Saskatoon Light Infantry, who landed Saturday from the Nieuw Amsterdam.

AIRMEN RETURN

Among airmen returning was Flt. Lt. G. C. Campbell, DFC, of Consort, Alta. Flt. Lt. Campbell joined the RAF back in 1938, later joining the RCAF, getting shot down and spending three years in a prison camp.

Members of the crack Sask. L. I.'s were reviewed by Maj Gen. Potts.

Offers $500 Prize For New Anthem

VANCOUVER, Oct. 1.—(CP)—A $500 prize to the person who writes a "spirited, rhythmic and rousing song to replace 'O Canada'," was offered by Russell T. Kelley of Hamilton, Ont., president of the United Nations Society of Canada. "What we need is a national anthem which Canadians will be proud to sing, and a new and brilliant flag which we will be proud to wave", Mr. Kelley added in an address to St. John's United Church Forum here last night.

Tension Eases

BUENOS AIRES, Oct. 1.—(AP)—Tension appeared to be relaxing in Argentina today following the release of hundreds of persons detained last week under a state of siege proclaimed by the military government.

Three Occupied

First Families Making Homes In New Suites

Three families were housed Monday in suites constructed from material and huts brought from Dawson Creek, B.C., under the provincial-municipal rehousing plan, and five other families are expected to be accommodated in suites on Tuesday, it was announced Monday by Maxwell C. Dewar, city architect.

Bottleneck after bottleneck seems to be developing to retard progress on this housing project. There is a shortage of stoves, of plaster board, plumbing fittings, bath tubs and loomex wire and no sooner is one short-supply situation cleared up than other occurs, Mr. Dewar stated.

TO SHIP MATERIAL

He said that all material needed for the conversion project would be shipped from Dawson Creek by the end of this week, but the short supply of finishing materials, and fittings was making it impossible to complete many of the suites.

He said that showers were being installed in the single bedroom suites, and he expressed the hope that bath tubs would shortly be available to permit the completion of the larger suites.

Commenting on the short supply of loomex wire, Mr. Dewar said there was not a single yard of the wire in the city, and it was doubtful if further supplies could be obtained as manufacturers had refused to manufacture the product because of refusal of the Wartime Prices and Trade Board to permit advances in price to meet increased production costs.

Every effort is being made, he added, to clear up the bottlenecks, but the electric wiring situation is very serious, and may cause serious delay unless a suitable substitute can be found. He said that every yard of this wire that could be salvaged at Dawson Creek has been brought to Edmonton.

Tax Collections Set New Record

City land and business tax collections for the nine months period ended Sept. 30, 1945, totalled $4,288,920.96 to create an all time record for the period. Last year for the same period the collections totalled $3,988,136.42, $300,784.54 below the 1945 period total.

Collections during September this year amounted to $373,706.60 compared with $331,746.86, an increase of $43,959.80.

Sales of city owned land continue to set records and for the nine-month period of 1945 the total of sales was $854,738 compared with $652,681 for the same period of last year, an increase of $202,057.

Sales during September this year amounted to $61,500 compared with $68,964, a decrease of $7,464. This is the first decline in land sales that has been registered since the beginning of the year.

Slugged Taximan Dies of Injuries

WINNIPEG, Oct. 1.—(CP)—Arthur Badget, 60, of suburban St. Vital, Man., died in hospital here today as a result of injuries received Friday when he was brutally slugged in his taxi by two unknown assailants. He did not regain consciousness.

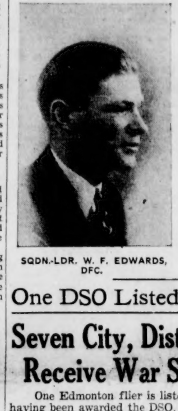

Royal Canadian Mounted Police are conducting a province-wide search for the attackers. As yet, they have found no trace of the men.

Demand Wage Boost

Country-Wide Strike Packing Workers Seen

WINNIPEG, Oct. 1.—(CP)—Possibility of a nation-wide strike in Canadian meat-packing plants was seen here today as the United Packinghouse Workers of America (CIO), District No. 10, decided to ask for a 30 per cent increase in wages with a 40-hour week to be part of a master agreement with Canada Packers, Swift Canadian Company and Burns and Company.

Representative of 12,000 Canadian packing plant employees from Moncton, N.B., to Vancouver reached this decision last night after a week-end conference.

Present wage rates range from 59 cents per hour for union laborers to 96 cents an hour for top-rate butchers. The men now work a 48-hour week compared with 54 hours in 1939.

Fred Dowling, Canadian director of the UPWA who announced the decision, said he hoped to get these demands by peaceful negotiations, "but if the packers force us to go the limit there will be a national strike".

Immediate action will be taken by

Typhoid Epidemic Kills 45 Eskimos On Baffin Island

OTTAWA, Oct. 1. — (CP) — A typhoid epidemic has taken the lives of 45 Eskimos on Baffin Island in the Arctic Circle and medical supplies will be flown to the big stretch of waste land in the Canadian northland to combat the disease, mines and resources department officials said today.

An RCAF mercy plane is scheduled to leave Ottawa today on the first leg of the flight in which supplies will be dropped by parachute at Cape Dorset and other Baffin Island points.

King Boards Liner For Overseas Trip

BY JOHN D. HAMILTON

NEW YORK, Oct. 1.—(CP)—Prime Minister Mackenzie King, fresh from his first conference with President Truman at the White House, boarded the giant Cunard liner Queen Mary here today en route to London.

Mr. King cheerfully posed for photographers before hurrying aboard ship. "Give my best regards to the Canadian people," was his smiling comment when asked by The Canadian Press for a statement.

In Washington the conference was described officially as having covered a "pretty broad field". Charles G. Ross, White House press secretary, quoted the President as saying the two-hour discussion of Canadian-American relations was "interesting and important and quite satisfactory."

Butchers Re-Open

VICTORIA, Oct. 1.—(CP)—Close to 50 Victoria butchers on strike for the last week in protest against meat rationing were back at wholesalers here today in preparation for re-opening tomorrow.

1,600 More In B.C. May Join 6,500 Strikers Already Out

By The Canadian Press

Possibility of an almost-general walkout of the United Mine Workers' of America (CCL) 8,500 membership in Alberta and British Columbia was seen Monday as about 1,600 men from the Canadian Collieries Limited at Cumberland, B.C., took the day off for general meetings at which they would decide whether to join the estimated 6,500 miners already out in protest against meat rationing.

Spreading fast after initial moves were made last Thursday by 4,500 miners in the Drumheller and Crow's Nest Pass areas in southern Alberta, the "holiday" of coal-diggers reached into northern Alberta with the latest walkout today of 200 to 250 men at Luscar and 50 to 60 at Saunders Creek in the Coal Branch district of northern Alberta.

FIRE BOSSES "HOLIDAY"

Today's moves by the Coal Branch mines followed action Saturday by two other mines in the district when 200 men quit work at the Mountain Park and Mercoal mines.

Fire bosses entered the picture Sunday night when they decided at a special meeting at Drumheller to take a "holiday" due to the "inadequate supply of meat." They are members of the National Union of Firebosses, Local No. 1.

The miners, who contend the new meat ration is "stupid," ask double rations of "red" meat and that cooked and smoked meats be excluded from rationing entirely.

Savings Tax Refunds Not Likely Soon

By P. W. DEMPSON
Edmonton Bulletin Ottawa Bureau

OTTAWA, Oct. 1.—Canadians who contributed close to $250,000,000 to the federal government's treasury under the refundable tax plan are now looking to Ottawa for their funds, but prospects that the refunds will be forthcoming are anything but bright.

The entire matter hinges on the question of whether or not the war is officially over in Canada. Under an order-in-council, passed when the plan was started in August, 1942, the savings levied for the remainder of the year were to be refunded within two years from the end of the war.

NO PROCLAMATION

Talk Mechanics Meat Rationing

OTTAWA, Oct. 1.—(CP)—K. W. Taylor, foods co-ordinator for the prices board, said today a meeting here Wednesday with a special advisory committee of the Retail Merchants Association of Canada will be "purely to discuss the mechanics of meat rationing".

"The question of rationing or no rationing will not be discussed", said Mr. Taylor. "That is the government's position. It already has been stated that meat rationing will be continued".

He added there was no possibility of a modification of rationing, such as followed a meeting with the retailers here two weeks ago.

Two Units Returning

City Preparing Gala Welcome For Troops

With two fighting units due to arrive home this week, Edmonton was getting prepared Monday to accord a rousing welcome to the 33rd Field Coy., RCE, and The Loyal Edmonton Regiment.

The engineering unit, which arrived back on Canadian soil Saturday aboard the liner Nieuw Amsterdam, docking at Halifax, was expected here by special CNR train some time Wednesday. The exact time of arrival here could not be ascertained early Monday but it was thought likely the train would roll in here some time in the early afternoon of Wednesday.

The Loyal Edmonton Regiment is expected in Edmonton Saturday afternoon on special trains.

The strength of the 33rd Field company has been augmented for the trip home by personnel of other Northern Alberta formations, with homes in this district.

SIMILAR PATTERN

Arrangements for the welcome home of the engineers follow a similar pattern to those made for welcoming the Loyal Edmontons.

New Technique For Exploding Atomic Bomb

HOLLYWOOD, Oct. 1.—(AP)—A defence technique has been devised against atomic bombs that is so simple that the bombs can be detonated without even knowing their exact whereabouts, Larry Crosby, head of the Crosby Research Foundation and brother of singer Bing Crosby, said today.

Its very simplicity might prove a menace, Mr. Crosby said in a statement. An amateur experimenter might unwittingly explode a store of atomic bombs as far away as four miles, with catastrophic results.

Mr. Crosby declined to divulge the basic principles of the defence. He said the secret would be turned over to the proper authorities only on condition that it be used solely to compel fair treatment of the United States by other nations.

Former Edmonton Bank Head Is Dead

VICTORIA, Oct. 1.—(CP)—Harry Campbell Morris, 68, formerly of Fort William and Edmonton, died Friday. He was a native of Perth, Ont. Mr. Morris came to Victoria in 1934, following his retirement from the Canadian Bank of Commerce at Fort William, where he had been manager. He also managed branches of the bank at Dawson, Edmonton, and Sault Ste. Marie. Surviving are a son Irving, Vancouver, and a daughter, Nursing Sister Clare Morris, Peterborough.

General Sees Gloomy Picture

Nothing To Prevent Future Wars

By SAN SOUKI
Exclusive to The Edmonton Bulletin

CAIRO, Oct. 1.—(BUP)—Lt. Gen. Barney Giles, commander of U.S. strategic air forces in the Pacific, said today that he saw nothing "now to prevent future wars."

Giles made his gloomy comment at a press conference here as he stopped over en route back to the Far East after flying nonstop from Japan to Chicago.

Asked whether he had Russia in mind, Giles said he was not thinking of any particular nation, but added that there are some "have-not" nations who might want to grab more in the future.

Giles said he believed the atomic bomb would play a potent role in the next war. He said he did not believe the bomber was obsolete however.

"It will be some time before rockets replace long-distance bombers," he said.

100-YEAR OCCUPATION

Questioned about Japanese atrocities, Giles said the Allies had expected to rescue more prisoners than they did. He said the Japanese subjected American prisoners, especially B29 crews, to torture and starvation.

"The war would have ended without the explosion of the bombs within a month of the date Japan did surrender, Giles said. However, he added that the bombs gave the emperor a "good excuse" to capitulate.

The general advocated occupation of Japan for 100 years until "all thought of world conquest and militarism is eliminated from the Japanese mind."

Eighty Thousand Jews Are Killed In Single Night

LUENEBURG, Germany, Oct. 1 —(CP)—A Jewish physician testifying at the Belsen war crimes today said 80,000 Jews, representing the entire Ghetto of Lodz, Poland, were gassed or burned to death in one night at the concentration camp.

Dr. Sigismund Charles Bendell, the witness, said the Germans had designed a system of trenches which could burn 1,000 human bodies an hour. He said he was ordered to work in Crematorium No. 4 in August, 1944.

Bendell said:

"They are crowded into the rooms by guards with sticks. The doors close. There are shouts, screams, cries and knocking on the wall. This lasts for two minutes—then complete silence. Five minutes later the doors open, but only after 20 minutes can special workers get near to remove the bodies."

500 SHOT IN NECK

Asked by the prosecutor who was the commandant of the camp during this period, the witness replied: "Kramer."

Josef Kramer is the chief of 45 defendants.

Bendell said that 500 persons were shot in the neck by SS guards and added that Kramer was present at the mass killing.

During cross-examination Bendell said 500 prisoners who had been forced to work in the crematorium section had staged a revolt and had succeeded in setting fire to Crematorium No. 3. Some had firearms, he said.

He said SS Dr. Mengle carried on experiments in the crematorium before prisoners were put to death.

The SS doctor was also interested in experiments to find a formula which would guarantee that mothers would give birth to twins.

Dr. Bendell said he lived in Paris for 10 years before his arrest in November, 1943, for refusing to wear a badge designating him as a Jew. On his arrival at Oswoicim concentration camp he became a doctor for the internees.

Situation "Tense" In the East Indies

By VERN HAUGLAND

BATAVIA, Oct. 1.—(AP)—Indonesians had threatened violent resistance against Dutch landings watched quietly yesterday as British troops expanded their occupation in the name of the Allied high command.

A Netherlands government spokesman termed the situation "potentially explosive." He told a press conference that complete independence for the Netherlands would be worked out—but Indonesian leaders reiterated that the Dutch East Indies already have become the free "Republic of Indonesia."

British forces began landing Saturday under Lt. Gen. Sir Alexander Christison, Allied commander for the Netherlands East Indies occupation. They moved into public buildings yesterday, with Japanese moving out ahead of them. Indonesian employees remained at the Imperial Army's British Indo-Netherlanders took over the Radio Batavia building, but there were no demonstrations.

Reconversion Plan Taken to Ottawa

OTTAWA, Oct. 1.—(CP)—A delegation representing west coast labor unions, churches, municipalities and the British Columbia government reached Ottawa today to place before the federal cabinet a four-point reconversion program. It is expected the delegation will meet a group of cabinet ministers tomorrow.

The program includes:

1. Introduction of severance pay for workers switching from war to peacetime jobs.

2. A 40-hour week with no reduction in take-home pay.

3. Labor-management representation at the Dominion-provincial conference.

4. Continued shipbuilding in Canadian yards.

Refunds Delayed

(Continued from Page 1)

not constitutionally start making refunds.

The $250,000,000 represents the savings portion held back from personal incomes by the government from August 1, 1942, until the first half of 1944, when the plan was discontinued.

Before the government declared the Second Great War officially ended it must decide what effect it will have on the War Measures Act, wartime statutes and wartime leases. The War Measures Act, which allows the government to rule by order-in-council, is supposed to last for the duration of the wartime emergency.

Constitutional authorities are still undecided whether the act is automatically abolished with the proclamation of the end of the war, or whether it will remain in force until the final peace treaties are signed.

ILSLEY GIVES HINT

Sources close to the government do not expect the war to be declared officially ended for some time, possibly not before the end of the present fiscal year. Finance Minister J. L. Ilsley hinted that this would be so when he told parliament in opening the debate on the war expenditure appropriation bill last Friday that the War Measures Act is still in effect and probably would be until next May. Thus it is certain the refunding of the taxable savings portion will be delayed.

The savings for 1942 are refundable before the end of the second fiscal year following the end of the war, those for 1943 within the fiscal year following, and so on.

Therefore, if the war continues after March 31, 1946, refunds need not necessarily be paid until March 31, 1948.

Three Arrested For East Hold-Up

TORONTO, Oct. 1—(CP)—Police early yesterday arrested three Toronto men in connection with the armed robbery of the Atlas Sporting club on Spadina avenue in west-central Toronto and said they were searching for three others.

Arrested were: Steve Motozuik, 37; Samuel Doniluck, 24; and Gordon Turner, 22.

Police charged the men with using a loaded pistol and a loaded revolver to rob Hugh Zimmerman, manager of the Atlas Club, and about 75 members and guests who were in the club. Approximately $2,000 in cash was taken, police said, together with pocketbooks, wristwatches and other jewelry.

CCF Party in B.C. Won't Ally With LPP

VANCOUVER, Oct. 1. — (CP) — The CCF party of British Columbia has rejected a bid for electoral agreements with the Labor-Progressive party for the Oct. 25 provincial general election, it was announced last night in a statement by Provincial Secretary Frank J. McKenzie.

The statement, issued on behalf of the CCF provincial executive committee, referred to a recent proposal made by the B.C. Federation of Labor (CCL) that discussions on electoral unity of the CCF and LPP be held, with Federation officers participating.

"Such a coalition of parties, divided by fundamental differences of policy, could only result in the chaos and betrayal of the interests of the working people of this province, which the CCF avoided when it rejected the invitation of the Liberal and Conservative parties to enter into a coalition government in 1941," the statement said.

"The Communist party and its successor, the Labor-Progressive party, have from time to time advanced similar proposals during the last 12 years and the consideration which the CCF has given to them convinces us that their acceptance can only militate against the development of a political party which faithfully advances and protects the rightful interests of the working people and leads the way forward to a democratic socialist Canada by democratic means.

Provincial ministers conferring with the director of real estate were: Hon. W. W. Cross, minister of health, Hon. R. Earl Ansley, minister of education and Hon. W. A. Fallow, minister of public works.

Negotiations for the return of the Camrose Normal school to the province were virtually completed, Mr. Fallow said Monday. Additional buildings constructed by the federal government at Camrose will also be utilized by the province, it was stated.

GO TO CAMROSE

Monday" Percy Herring, appraiser for War Assets Corp, with W.-P. Stacey, provincial building superintendent, went to Camrose to look over the properties and make appraisals that will lead to final completion of the deal to return them to provincial use.

Under the terms of the agreement between the province and Dominion the federal government absorbs the cost of any renovations that must be carried out.

The education department is looking into the possibility of using hangars and other airport buildings, Mr. Ansley said. Hangars would be used as school classrooms and auditoriums and even as composite school buildings.

Negotiations with the health department were only of a preliminary nature,-Dr. Cross said.

The minister will compile a complete list of the buildings he hopes to use and forward it to Brig. Campbell.

It is hoped that securing of needed buildings will be speeded up greatly as a result of the conferences.

Newsman Victim Of Jeep Accident

Exclusive to The Edmonton Bulletin

TOKYO, Oct. 1.—(BUP)—A military funeral for Robert T. Bellaire, first Allied correspondent killed in the Pacific since Japan's surrender, will be held tomorrow in the U.S. Army cemetery south of Yokohama.

Bellaire, 30-year-old correspondent for Collier's magazine and pre-war Tokyo bureau manager for the United Press, died yesterday of a skull fracture received in a jeep accident Saturday night.

He was brought to the army's 42nd General Hospital with two other persons, both seriously hurt, in an ambulance which their machine had been attempting to pass at the time of the accident.

Frank D. Morris, another Collier's correspondent, suffered a possible skull fracture. He regained consciousness shortly after entering the hospital.

The third jeep occupant, 1st Lt. J. Warren Nagel, also was in serious condition with a skull fracture.

Bellaire had been repatriated following his internment by the Japanese. He returned to Tokyo Sept. 24.

Aircraft Workers Taking Over Plant

SAN FRANCISCO, Oct. 1.—(AP)—Melbourne radio reported today that workers at the Butler Air Transport Co. of Sydney, New South Wales, will go into business for themselves by taking over one of the company plants which made airplane parts during the war. The managing director of the company said these people "worked hard during the war and did their job so successfully that we think they are entitled to go into business for themselves."

Six East Fatalities Over Past Week-End

TORONTO, Oct. 1. — (CP) — Six fatalities were reported in Eastern Canada during the week-end. Two persons died from the effects of falls, a veteran was killed in an automobile collision, a woman died from the effects of burns, a man succumbed to what a coroner said was the effects of drinking wood alcohol, and a baby died after swallowing a pin.

ing and 60 more still were confined to local hospitals.

The train plunged down a 220-foot embankment Sunday. The locomotive, tender and six coaches overturned.

Only one of the train's 17 dining car attendants was found by rescue teams working throughout the night with the aid of floodlights. He was trapped by his legs and hanging upside down.

CRANES CLEAR DEBRIS

American army cranes and derricks brought from the Bovingdon airdrome lifted away great chunks of debris and by early today, the outer wreckage and a coach which had been suspended high above the track were cleared.

Rescue squads, which included American doctors and soldiers from the airport, were digging into lower debris where the rest of the dead were believed buried.

U.S. Army ambulances ran a shuttle-service to the four local hospitals throughout the night.

Railway officials attributed the accident to a faulty switch.

Patriarch Slain In Upper Egypt

Exclusive to The Edmonton Bulletin

LONDON, Oct. 1.—(BUP)—Archbishop Theophilus, orthodox patriarch of Jerusalem, has been assassinated in upper Egypt, the Exchange Telegraph agency reported today from Cairo.

The agency said that the Archbishop was shot while visiting the Coptic convent at Beriouf. He had arrived in Egypt for the election of a new Coptic orthodox patriarch. No details of the assassination were given.

Later reports said Theophilus was killed while walking in the fields near Beriouf this morning. He was armed with a rifle and when the shots first were heard, it was thought he had shot himself accidentally. However, investigation revealed he had been hit by two bullets fired from a distance of 10 yards.

Miners' Strike

(Continued from Page 1)

18, UMWA, said last week the men are not on strike but are "taking a holiday" in protest of the rationing. The men are prepared to return to work the day after official announcement is made that miners will receive an adequate supply of meat.

No action along similar lines as those taken by Southern Alberta and B.C. miners in "holidaying" in protest of meat rationing has yet been taken by miners in the Edmonton field, Peter Collins, secretary United Mine Workers of America for the Edmonton district mines, said Monday.

Mr. Collins explained that only if the miners in other parts of the western field, such as Nordegg and Nanaimo, are determined to walk out, would meetings be called here for discussion of the course of action.

NO INDICATION

"So far there has been no indication of this taking place. At least I have no received any word of contemplated action as yet," Mr. Collins said.

King of Belgians Going Into Exile

LONDON, Oct. 1.—(CP)—The Exchange Telegraph said in a Geneva dispatch last night that King Leopold of Belgium had arrived in Geneva to go into exile. The dispatch reported the king's wife "is expecting a happy event." The royal group was said to have arrived from Austria in four automobiles with a military truck carrying baggage to an estate near the former League of Nations palace. The dispatch said the estate was under heavy guard by Swiss police.

Admits Tortures, Then Takes Life

LONDON, Oct. 1.—(AP)— Gen. Shiga, Japanese commander of Mili atoll in the Marshall Islands group, committed suicide rather than face Allied troops, the All-India radio reported today. A note found near Shiga's body admitted he tortured five United States airmen to death in January, 1944, the broadcast said.

King Sees Truman

(Continued from Page 1)

quainted with Mr. Truman before his trip to England but he would not discuss in any degree the nature of his talks.

The Prime Minister left Sunday afternoon for New York where he will sail Monday on the liner Queen Mary for an extended visit to Britain and the continent.

It is considered certain that the White House conversations had to do with:

1. An exchange of views on the general objectives of Canadian and American foreign policy.

2. The future of the process which produced the atomic bomb.

AID FOR BRITAIN

3. The significance to Canada of the current Anglo-American negotiations on possible economic aid from the United States for post-war rehabilitation of Britain's trade and industry.

4. The Presidents forthcoming message to Congress urging immediate approval of the Canadian-American agreement for development of the Great Lakes-St. Lawrence seaway and power resources.

After leaving the White House at noon yesterday the prime minister called at the British embassy for a short talk with Lord Halifax.

Later he went to the Wardman Park hotel for a call on his old friend, Cordell Hull, former United States secretary of state.

Mr. King told The Canadian Press he was invited by President Truman to come to the White House Friday for an overnight visit. The pressure of his affairs in Ottawa, so close to his departure for London, made it impossible for him to accept.

FLEW TO WASHINGTON

However, Mr. King managed to get in Sunday's call by flying to Washington Saturday afternoon. He spent the night at the Canadian embassy as a guest of Ambassador and Mrs. L. B. Pearson.

His conversations here also included a brief lunch-time chat with Dean Acheson, undersecretary of state. The prime minister is accompanied by Norman Robertson, under-secretary for external affairs, and Edward Handy, his private secretary.

The visit was the prime minister's first to Washington since the death of President Roosevelt last April. He was a familiar figure at the White House throughout the Roosevelt regime and spent a night or two there annually.

Soon after he assumed office President Truman sent the prime minister an invitation to continue those visits as time and opportunity permitted.

PREMIER BECOMES TRAVELLING DIPLOMAT

OTTAWA, Oct. 1.— (CP) — **Prime Minister Mackenzie King assumed the role of a travelling diplomat today, leaving the rest of his cabinet to guide a formidable budget of government legislation through parliament.**

He sails for Europe today on what may be an extended trip and one which is certain to last several weeks.

While there has been no statement about his plans other than that he will confer with members of the British government and visit western Europe, the possibility of his going to Moscow, as the first Canadian prime minister to pay a call at the Russian capital, is not overlooked.

CANADIAN POLICIES

Mr. King's conversations are expected to deal with the formulation of Canadian policy on three points:

1. National defence.

2. Canada's role in the coming peace settlements and international arrangements for maintaining peace.

3. Trade and commercial arrangements with other countries.

Difficulties among the five big powers, represented on the foreign ministers' conference which has been meeting in London, have caused a good deal of concern to Mr. King and the Canadian government. They raise the question of whether it will be possible to look for a period of peace with assurance and to rebuild international commerce on a basis of co-operation.

SMOOTH TROUBLES

In addition to learning the attitude of other governments it is believed Mr. King proposes to assert whatever influence he has in trying to smooth difficulties and bring about a better understanding among the governments he intends to visit.

This will be Mr. King's first overseas trip since May, 1944, when he attended the conference of Dominion prime ministers in London.

As the prime minister left the government moved to introduce several of its more important measures in the commons. These include the bills to ratify the United Nations charter, the Bretton Woods monetary agreements, the international civil aviation agreement, the food and agriculture agreement, a bill to define Canadian nationality and one to consolidate veterans' legislation in a veterans' charter.

Notice was also given of a motion to establish a joint committee of the senate and commons on the design of a distinctive Canadian flag.

Today the house will have its first private members' day and Robert (SC—Battle River) is at the top of the list with a resolution calling for the granting of clear titles to their land to soldier settlers from the First Great War who still owe money on their land.

During the war the house abolished private members' day and gave all its time to government business. In consequence private members had no chance to bring into debate resolutions on their pet subjects.

Japanese war production and mobilization and the exploiting of occupied territories.

All will be liquidated eventually. They included the Wartime Finance Bank, the North China Development Company, the Central China Development Company, the South Manchuria Railway Company, the Manchuria Heavy Industry Development Company, the Bank of Chosen (Korea) and the Bank of Taiwan (Formosa).

Since assets of some of the institutions were housed in the Bank of Japan, the Yokohama Specie Bank and the Hypotec Bank, troops also entered these banks and seized desired records. However, they did not interfere with other operations of the banks.

FIND GOLD STOCKS

Gold and silver stocks earmarked for Siam and Indo-Chinese gold held for the Federal Reserve Bank of North China were discovered in the Bank of Japan.

However, no trace of Philippines and Dutch bullion was found. Both Bank of Japan and Finance Ministry officials said disposal of such funds was "an army matter."

It was found that $5 per cent of Bank of Japan stock was held by the government, 25 per cent by the Imperial Household and the balance by individuals.

The clerck of Bank of Japan's records was expected to take the rest of today, delaying reopening of the bank for regular business at least until tomorrow. The Yokohama Specie and Hypotec banks re-opened today, however.

GOVERNMENT CONTROL

All of the financial institutions occupied were controlled directly or indirectly by the Japanese government and their principal shareholders either were members of the Imperial household or other financial concerns equally under government control or domination.

From their months-long investigation, American experts hope to learn what happened to the huge bullion and other reserves of the late Chang Sso-Lin, war lord of Manchuria, and possibly the old Chinese Imperial bullion rumored stolen from Peiping during the relief of the Boxer Rebellion siege in 1900.

Study of financial records likewise may uncover the extent of graft by leading Japanese militarists such as former Premier Tojo and uncover additional war criminals.

SEEKING RECORDS

A spokesman said the investigators did not expect to find much actual gold, but do expect to discover valuable records that will aid in tracing it. Japan's own gold reserves were estimated at $125,000,000, nearly all of it in the vaults of the Bank of Japan.

Gen. MacArthur also ordered the Japanese government to discharge from office all chairmen of directors, presidents, managing directors and advisers of institutions seized by his troops

Allied troops on guard around the bank assured depositors, many of them women sobbing in fear that they might lose their life savings, that their funds were safe.

The hunt for the missing funds that once belonged to the Philippines, China and other nations began after the Japanese denied that the Bank of Japan held any foreign money.

The militarists, the bankers said, had the power either to sell their looted assets and place the money in a special disbursement fund of the finance ministry, or "keep the assets for themselves."

HEAD OF LIAISON

Meanwhile, the newspaper Asahi reported that Kenji Kodama, former head of the Central Kogyo Development Company, one of the firms ordered closed, had been appointed new president of the Central Liaison Office, the Japanese agency that receives and passes on to the proper department the directives of the Allied Command.

Col. Ken. R. Dyke, head of Gen. MacArthur's civil information and education section, announced an investigation of Shintoism. He explained "We aren't trying to interfere with anyone's religion, but we are going to be certain it isn't used as a tool for militarists. The government has poured a lot of money into Shinto during the war."

The editor-in-chief of the Domei News Agency has called more than 100 newsroom employees together to inform them of Domei's decision to dissolve with the formation of a new, independent news service in Japan. He made his speech before a large framed sign on the wall of the newsroom which, when translated, reads: "The virtue of the press reflects the virtue of the nation."

NEW DEVELOPMENTS

Other developments as the occupation entered its second month included:

1. The Eighth Army announced that 160,000 troops have landed in central and northern Japan during the first month of occupation.

2. The Sixth Army moved its command post for the occupation of southern Japan from the USS Auburn to Kyoto, ancient capital of Japan. The 98th division landed at Wakayama Beach and set up its command post at Tsisho airdrome.

3. The Domei News Agency said all Japanese home army forces will be demobilized by the Oct. 15 deadline set by General MacArthur with the possible exception of troops on Kyushu, where typhoons and flood damaged railway lines.

CALLS IN MARSHAL

4. Japanese Field Marshal Shunroku Hata, commander of the Second Japanese Army, called at American Sixth Army headquarters in Kyoto at the request of Gen. Walter Krueger. The reason for Gen. Krueger's request was not announced.

5. Emperor Hirohito personally appointed Kenji Kodama, member of the House of Peers and former chief of research in the Foreign Office, as president of the newly-reorganized central liaison council, through which Allied directives are issued to the Japanese government. Isao Okazaki formerly headed the council with the title of director, but was believed not of sufficient prestige for the post.

6. Kanju Kato, Japanese labor leader, denounced the death in prison of anti-militarist Kiyoshi Miki, and urged the Japanese government to release immediately all persons detained on anti-war charges.

CALLS FOR OUSTER

7. The newspaper Tokyo Shimbun editorially called for the ouster of Japanese home ministry officials who suppressed American interviews with Emperor Hirohito and photographs of Hirohito standing beside General MacArthur.

8. A spokesman for Premier Prince Naruhiko Higashi-Kuni revealed that the premier was receiving 1,000 letters a day from the Japanese people in response to his request for suggestions for a new Japan. The letters will be discussed at a cabinet meeting tomorrow.

9. Minor food riots have broken out among the rural population of northern Honshu, where farmers have been reported hoarding food against the possibility of winter shortages.

10. All Japanese war criminals now in custody with the possible exception of Pearl Harbor Premier Gen. Hedeki Tojo will be transferred sometime this week to the Omori prison camp on the outskirts of Tokyo, where American war prisoners formerly were held. Tojo was recovering from a suicide attempt so rapidly that he, too, probably will be moved to the camp by next week-end.

Packers' Strike

(Continued from Page 1)

Burns and Company employees in five plants throughout western Canada.

REQUEST MEETING

Mr. Dowling was instructed to write the company requesting a meeting between the management and representatives of the union to discuss a master agreement, which would replace the one now in effect in all union shops across the Dominion when it expires Nov. 1— one month hence.

If the company refuses to meet the union within 10 days, a strike vote will be taken in five Burns and Company plants in Winnipeg, Regina, Prince Albert, Edmonton and Vancouver.

Mr. Dowling said there would be no compromise on the demands if the union was forced to take strike action.

In a union letter recently sent to the three companies it was suggested they apply jointly with the union to the Richards commission for a revision of contracts. The commission was set up last fall to study negotiations between the companies and the union.

PROPOSAL REPORTED

However, it was reported this proposal was refused by the companies and the union decided to deal with one company at first. The union members employed by the other packers would support their fellow-members' in any subsequent action.

Thus, it was said, if employees of Burns and Company go on strike workers in plants owned by Canada Packers and Swift Canadian Company probably would take strike action.

Similar action was taken last July and August when a strike in Canada Packers' plant in Toronto spread to plants owned by the other two companies.

Mr. Dowling said the conference was convinced this year was their only chance to obtain demands. "Next year we will have to fight what we gain now," he said.

SUPPORT FROM U.S.

Louis J. Clarke of Chicago, international president of the UPWA, told the delegates that "we are going to support Canadian workers to win these demands." He said entire membership of the union, totalling 125,000 workers in the United States and Canada, are in full agreement on the program.

Packing plant employees in the U.S. now are asking an increase of 25 cents an hour, he said.

During an attack on Aulich in November, 1944, one engine of his aircraft became unserviceable before crossing the French coast but despite this handicap he continued his mission and pressed home the attack successfully. On other occasions Wing Cmdr. Ganderton has completed dangerous missions on three engines. His aircraft has been damaged by anti-aircraft fire on several sorties but he has always succeeded in returning safely to base. He has led his squadron with distinction during his second tour of operations and his fine example in the face of the enemy has been an inspiration to all serving under him."

Sqdn. Leader Edwards, whose mother lives at 10045 90 avenue, was married recently in England. His citation is:

"As captain of aircraft Sqdn. Ldr. Edwards has shown a high degree of courage and efficiency on all his operations. He has been largely responsible for the success of many sorties by his skill, determination and keen devotion to duty. Since the award of the DFC Sqdn. Ldr. Edwards has continued to display great gallantry, often in the execution of very hazardous tasks. In February, 1945, his crew played an important part in ensuring the success of an attack on the oil refinery at Politz."

Flt. Lt. Crowther is now at his home, 9640 108A avenue. His citation reads:

"Flt.-Lt. Crowther has completed numerous sorties against many heavily defended targets, including Duisburg, Stuttgart, Essen and Bremen. On several occasions his aircraft has been damaged by anti-aircraft fire. Throughout his tour of operations this officer has shown the utmost determination in pressing home his attacks together with great courage and devotion to duty."

Citation for FO. Allan says:

"FO. Allan is now on his second tour of operational duty. He has participated in attacks on the heavily defended targets of Berlin, Hamburg, Essen and many others. On one occasion when leaving the target area one engine became unserviceable and had it not been for FO. Allan's thorough knowledge and coolness under fire another engine would no doubt have been lost. By his skill and coolness a safe return to base was made. At all times this officer has set a fine example of tenacity and devotion to duty."

Flt. Lt. Hurlbut of Fort Saskatchewan, the Edmonton district aviator on the list is cited as follows:

TOUR COMPLETED

"This officer has completed his first operational tour. As captain of aircraft he has set an excellent example of skill and courage. On several occasions his aircraft has been damaged by anti-aircraft fire. After an attack on Essen in November, 1944, whilst leaving the target area his aircraft was attacked by an enemy fighter four times. During each attack the aircraft sustained further damage, making control very difficult. Fire broke out in the port wing. In spite of extensive damage Flt. Lt. Hurlbut retained control and made a landing at Jouvincourt airfield. This officer has proved himself to be a most reliable pilot and captain throughout and his determination and untiring devotion to duty have been of a very high order."

CALL A WHEEL BY ANY OTHER NAME--

Conceived in prehistoric times as a crude and clumsy aid to human progress, the *WHEEL* has played an irreplaceable role in the progress of mankind.

The *Wheel* was not discarded because the horizons of the human mind expanded. Its functions were enlarged and adapted to the demands of humanity. To have discarded the wheel because in its original state it was unable to perform all the functions it now performs, would have meant industrial stagnation.

Like the wheel human enterprise is capable of an infinite variety of adaptations and functions, and its principle of freedom and opportunity can no more be discarded than can the principle of the wheel.

For 90 of the past 200 years of free enterprise, the Bank of Toronto has taken an active part in the industrial growth of this country. To business executives and to the young men and women of our armed forces now re-entering civilian life, we offer the benefits of this experience through friendly financial counsel.

Land Without Debt

The lands department of the government of Alberta is to be congratulated upon devising a soldiers' settlement plan which will enable the veteran to acquire farm holdings without being saddled with an unpaid debt burden of debt.

Debt has been the curse of the western farmer. It has restricted his expansion, retarded his efficiency and definitely curtailed the national agricultural production of Canada.

It is desirable to settle as many willing veterans as possible upon productive land. But it is no kindness to them to settle them upon land the ownership of which will involve them in heavy financial entanglements.

The government of Alberta has evolved more than one plan for soldier settlement.

If a veteran, for instance, elects to go into agriculture he is allotted public land upon which he pays no taxes or rent for three years. Then for seven years one-eighth of the crop goes to the government, after which he secures full title.

Under another system, 100,000 acres of land are being cleared by a contracting company. As it is cleared it may be acquired by veteran settlers in the Peace Lands. No cash is paid, but the clearing contractor takes 30 per cent of the crop for seven years as payment for clearing while the veteran pays 3½ per cent each year to the government and then gets full title.

In the irrigated districts of the south, another plan makes quarter sections available to veterans who pay only taxes and water charges.

This is an exceedingly liberal and logical system of land settlement that should establish new prosperous and productive agricultural settlements in many parts of Alberta.

The Post-Victory Loan

Canadians will have an opportunity this month to express their gratitude in dollars, when they are asked to subscribe the largest amount ever asked from them, in buying bonds of a post-Victory loan.

It will be the largest issue ever offered because its aim is to provide all the requirements of the coming year, and no loan will be sought next spring. The amount will be less than the totals of the two loans per year to which we have become accustomed, probably not more than half the total objectives of the last two loans.

The war has ended, but the war expense goes on, and will go on for a year, perhaps two years. There are hundreds of thousands in our armed forces overseas who must be brought home, and supported there until they can be brought home. Rehabilitation costs have to be met, gratuities paid, all the innumerable outlays involved in the dismantling of our whole war machinery provided for. The expenditure in liquidating such an enormous and complicated mechanism cannot fall far short of the cost of constructing it. It is to take care of this financial mopping-up that the loan is being launched.

Canadians, it is to be supposed, will welcome the chance to put some more savings into Victory bonds. That is assured by the regularity with which they have oversubscribed preceding issues for much larger than the one before. Most of them will also sense the high desirability of investing money rather than using it while goods are in short supply thus stimulating the forces which make for inflation.

As a Matter of Business

Hon. J. A. MacKinnon says Canada has been trying for eighteen months to get the wheat exporting countries to agree on a price at which wheat would be sold to Britain and the liberated states, but without success. If this means that some of the "have" countries are holding off or holding out for a famine price, the Canadian authorities did right to stop dickering with them and announce that Canadian wheat will be supplied to the "have nots" at $1.55 cents per bushel.

It is possible, but it is not probable, that the exporting countries could unload all their holdings in Europe at almost any price they might agree to demand. Hungry people cannot haggle. But neither can the hungry people overseas pay for all the wheat they need, at any price. A good deal will have to be sold to them on credit, the selling country or countries financing the transactions and charging up the hundreds of millions involved against the future production of the presently impoverished peoples.

The element of speculation is by no means absent in this wheat trade. How much the buyers of the wheat will be able to pay, and when they will be able to pay, are unanswerable questions. The prospect of the continental states is far from bright. Their peoples are in the majority bankrupt, and they face a reconstruction job which will absorb their labor and the proceeds of their labor indefinitely. When they will be in position to liquidate debts abroad in cash or kind, and at what rate, nobody knows.

To pile up debts against those states unnecessarily would only make their outlook blacker, and the chance of collecting still more remote. Certainly any attempt to gouge them in their time of adversity would not inspire them with a sense of obligation to pay as soon as possible. Rather the contrary, human nature being much the same in Europe as it is in Canada. Nor would a policy of "ganging up" and hard dealing at this time give the wheat exporting countries any "favored nation" place in the minds of those great consuming populations in the days to come.

Europe is down and out economically. But it won't always be—and for that the wheat exporting countries should be particularly thankful. The sooner the peoples there can get back on a self-supporting basis, the sooner will they become cash customers for what we will want to sell them—wheat, among other things.

Humane considerations aside, it is good policy for Canada to deal fairly and even leniently with these prospective customers. We will need them in our business after a while.

Maybe This Is It

A news item comes from Boston which may be of professional interest to health authorities and medical men all over the continent, and of vital importance to the public. To combat an outbreak of infantile paralysis, a large area in Greater Boston was hand-sprayed with D.D.T. insecticide. The health commissioner reports that not one new case of the disease has appeared in that district since the spraying was done.

Maybe that is only fortunate coincidence. But perhaps it is something more. The chance that it may be a case of cause and effect is at least good enough to arouse attention, and to spur thought and investigation, on the part of those who are qualified to judge.

There is some way to prevent poliomyelitis spreading through a community. We can take that for granted. Maybe Boston has found the way.

V

General MacArthur has ordered his troops to bring in 37 Jap officers and soldiers who are charged with complicity in the murder of war prisoners at Palawan. Hitherto the General has told the Japanese authorities to round up those who were wanted on criminal charges. He apparently thinks his own men are more likely to get that particular gang.

General de Gaulle's ambassador to Canada says Mr. Paul Dupuy, who was Canadian envoy to Vichy, made use of his opportunity to act as intermediary between the French "Underground" and the Allies. It was, he says, "very clever" of Dupuy to thus maintain contact with the French patriots, under the noses of Laval and Co., when the other Allies had broken off all official relations with France. This should be interesting to some Canadians who thought it curious to the point of being suspicious that the Dominion should have a representative at the headquarters of Hitler's puppet regime.

Boys in Germany

Editor, Bulletin: In the Canadian occupation force there are many boys who fought in Italy and the Netherlands, while many boys who never even saw one day's fighting are enjoying themselves in Holland awaiting repatriation. Many of these boys in the CAOF are boys who really want to get back to their studies at college and university. First, second and third year university boys are in this force who saw considerable fighting. They are getting older every day and surely the government should do the right thing by these boys. They have an aim in life, why try to smash it? True, the government has given consideration to the boys who had want to attend school. Is it not only just they should give immediate consideration to the boys who fought in battle and were fortunate to come through alive and have hopes of some day completing their education? Many good things our government has done, let them add further good by bringing these boys home immediately for their education.

Needs of Blind

Editor, Bulletin: Reading the many letters regarding Old Age Pensions, also attending the meetings of the Social Service Council who are asking allowances of $60.00 per month for people at the age of 65 years, one wonders why such drastic demands are made for people who are in good health, have money or a job, and not in need of anything.

Why do we not demand adequate pensions for the blind, disabled, and the aged first?

We have in Canada a class of citizens that appear to have been forgotten by the public, who are more handicapped in life than any other people. Many are suffering for the want of necessary things of life. Many, aged and unable to get around, suffer through an unjust and unfair law.

There are the Blind citizens we have in Canada. The law says every blind person must be poor and forty years of age before they only receive the miserable and meagre pension of $30.00 a month.

No two married blind people may receive a persion each; only one pension for a family of two people.

Any blind person that receives a pension and did a little work that enabled him to earn over $200.00 a year has his pension cut down all earnings above that sum.

The $30.00 pension will buy, if one pays $12.00 a month for a room, just two thirty cent meals a day. Not one cent left to buy soap, tooth powder, razor blades, shirts, shoes or clothes. A blind person may get help if they apply to the Lions Club, the IODE or some charitable institution, of course.

Many people think the Canadian National Institute for the Blind is a home. That is not true. The CNIB has a home in Brandon, Man. where young blind people may be sent to learn a trade, profession and handicrafts. In Edmonton and Calgary the CNIB has an office where application may be made for eye treatment, and a teacher sent where blind people can receive tuition in braille reading, basket weaving, etc.

Each person must have less than ten per cent eye sight.

How many people have we in Alberta that are blind? Is there no one for the blind? A home that would be surrounded with trees and a garden, where such blind persons may have a room free of any cost to themselves, with a trained orderly in charge.

Some of the blind are now trying to live in rooms where no human being should be allowed to live.

Please write and tell us what you think about this projected home for blind people. Talk it over with your friends and tell us what they say. Thank you.

Technocracy the Answer?

Editor, Bulletin: A number of letters pertaining to old age pensions have appeared in your columns lately, some written by elderly people who are themselves eligible for the pension, or who are already in need of help, though not yet eligible for the pittance. Letters from the younger people too, who evidently realize the need of older people, who on account of changing conditions, simply cannot sell their services for enough money to keep alive and healthy.

For years now this issue has been argued pro and con, and while we spend years deciding how to decide so to decide, hundreds of our older people (younger ones too) suffer physically and mentally, so that we have to go on building bigger and better mental institutions. Stranger that we will for people to become utterly incapable of even helping themselves before we allow them a measure of security—(and that in a mental hospital).

We've heard a lot of talk about the better world we have all been working and fighting for during the past six years. Technology is here to stay and human labor is a vanishing commodity. How can older people (or even vigorous youth) hope to compete with machines in this high energy civilization of North America where only 2 per cent of actual work is done by human labor?

Some writers are so bold as to suggest a $50 or $60 a month pension for all over 60 years! Were such a plan in operation they would still be living in poverty and scarcity compared to what it is possible for every citizen of this continent to enjoy.

Under Technocracy's scientific plan of production and distribution each adult citizen in North America could enjoy a standard of living equal to a $20,000 a year income for life, with 45 years the retiring age.

Why quibble over a $30 or $60 a month pension? Why insist on diluting scarce (or only destroying the rest) when Technocracy has the blueprints for a new America of Abundance? Let us wake up before it is too late. This is the age of electrical and atomic energy—not the age of human energy! Investigate Technocracy—Now!

TB Hospitals

Editor, Bulletin: Why all the argument about Jesuit College or any other building which might be suitable for tuberculosis persons?

Whoever may be carrying this dangerous plague should be placed where they can receive treatment, regardless of race or color — Indians, returned men or any others.

If such a hospital is needed in Edmonton, and I believe it is, it should be centrally located with the most modern equipment and under the best scientific supervision.

This is a matter that affects all of us and should not become the football of any one clique. We—all the people—have to pay the bill; then, let us build a hospital for all people! Disease is not discriminatory as regards race or groups, but all people need medical attention when they are ill.

What about the $500,000 T.B. hospital which was talked about? When will such a needed institution be built? Will a few give an exclusive psium after several thousand people have died of tuberculosis and possibly spread the contagion to others? Is this politics? If so, beware veterans. Remember Hong Kong!

Let science, which is international, handle what rightfully belongs to them, regardless of race or little "Balkan" cliques.

London and San Francisco

By DOROTHY THOMPSON

The British press reporters for American newspapers, and commentators in Russia no longer attempt to conceal the deadlock among the foreign ministers in London. Spokesmen for each country are blaming the others.

At home two schools of thought blame the procedures. One says the meeting was not well prepared; three of the big five have new foreign ministers—our own Secretary of State was appointed only just before Potsdam, and returned to resume the State Department without time to study the details of the forthcoming meeting before he was off for London.

Dorothy Thompson

There he met Mr. Bevin, who became British Foreign Minister in the last days of the Potsdam conference and was afterward preoccupied with British-American financial and trade negotiations.

The Chinese foreign minister, Mr. Wang, is also new; he succeeded Mr. Soong only in July. This, it can be argued, has increased the influence of the two experienced foreign ministers: Mr. Molotoff and Mr. Bidault.

Critics therefore say the London conference should have been preceded by memoranda of experts, exchange of views among lesser officials, the role of experts, with as much agreement as possible among them, and, finally, a meeting of well-prepared foreign ministers after the issues had been thrashed out and the points of dispute clarified.

* * *

Another school says just the reverse—that there should have been a meeting, not of foreign ministers but among the heads of states: the President, the Prime Minister, and Generalissimo Stalin.

The first criticism seems well-taken; the second gets us right back where we are. Suppose they had met? Is there any reason to think that they would have found a formula for agreement that the foreign ministers have been unable to find?

As things stand, they would not have found it. For we have been putting the cart before the horse; we have been trying to settle matters like the sovereignty of Trieste, the administration of African colonies, the inland waterways of Europe, handing the picture of peace in through it were a jigsaw puzzle, into which many tiny parts must be fitted, before the players know what the pictures is into which the parts must fit.

* * *

More important than any of the discussions going on in London is the discussion that has been going on with great secrecy in this country, about what to do with the atomic bomb.

What makes it impossible to break the deadlock in London is not the racial composition of the population of Istria, nor the dispute between collective and individual trusteeship of colonies, and certainly not the composition of the next Danubian river commission, but the fears of the great powers of another war. Deadlock in London is due to the inadequacy of San Francisco.

* * *

That would be realized by the whole American people if they knew the facts. They think we have a single weapon. We have a new weapon, but it is not secret. The scientists, who perfected it, are trying to tell the American people, not how to manufacture atomic energy weapons—few of us would understand them if they did — but the great political fact that there is nothing that they know, except a few minor gadgets, that experienced scientists in other countries do not know, and that the basic matter out of which it is made, uranium, is no monopoly of the Anglo-American powers.

Russia has two known sources at hand: in Czechoslovakia and southern Saxony. Russia certainly — as every geologist admits — has larger quantities of it in her huge Eurasian empire. She recognized its significance at least three years ago when she tried to buy it in Canada. Whether she succeeded or failed in Canada she has certainly set her famous geologists busy to find it in Russia.

The atomic scientists are having to get the American people through the back door of commentators like myself in order to warn them that the weapon cannot be monopolized under any circumstances, for more than two years. The scientists are advocating international control, by the mutual policing of all atomic laboratories and factories, wherever they may be, fully realizing that this means an abrogation of national sovereignties. Atomic energy cannot yet be produced in cellars. It requires huge and visible plants that could certainly be controlled. The scientists want atomic energy absolutely barred from the field of weapons and used internationally, for a great new era in the life of man.

* * *

Now, if the Big Three, Four, or Five, had any adequate guarantee and protection against one another they would not start blowing up the earth, every single issue in London could be solved. Behind the deadlest issue looms this great question mark.

It would therefore be well to forget, for the moment, Italian frontiers and colonies, and reconvene San Francisco, open the conference with a meeting of world scientists, confront the world with the new facts, and make a peace structure which promises peace.

The Future of America

By B. T. RICHARDSON

WASHINGTON: American leadership in world affairs must, in the nature of American democracy, rely on example rather than force. Its future therefore will be decided at home in the United States rather than abroad. This is the paradox of U.S. foreign policy and the source of many of its contradictions. It is changing now, but this is only part of the transition of America from war to peace, in some ways it has become harder than before the war. The role of the world is not lined up to defend freedom, the loss of which would be the death of American life.

This is true with respect to eastern Europe, to Russia, to Argentina. But paradoxes in directing world affairs can scarcely remain a permanent obsession with the American. It is already being undermined by the speed of American demobilization. Demands to bring the soldiers home may endanger U.S. plans for occupying enemy territory. Domestic controls are toppling, and past commitments to furnish food for hungry peoples elsewhere may soon be in danger.

Negotiations on future commercial and economic relations, particularly with the British, are prejudiced by the recollection of how badly the United States Congress behaved over war debts the last time. Already the American dream of a multilateral trading system has tarnished a little, and the new era for domestic prosperity absorbs more attention and energy. The high level of Canadian-American relations since 1940 has reached a lull where both sides are reluctant or find it convenient to explore the future.

PROBLEM IS TO ENSURE PROSPERITY

One can hardly discover a pattern of U.S. policy in these isolated incidents. But in Washington the talk has turned to the problem of ensuring prosperity and avoiding a new depression. The eminence and prestige of America has come, for American, to rest upon their ability to maintain prosperity at home.

An survey of history finds a President from Missouri in the White House when the future of America in world affairs depends on the ability of America to show the rest of the world. In Washington, the current objective is an increase in the standard of living by 40 or 50 per cent. Mr. William H. Davis, the director of economic mobilization, has put the President's chief adviser on domestic policy, put the objective in neat and precise terms the White House. It is to elevate the real wages of every American worker by 50 per cent, within the next five years.

* * *

This can be achieved, said Mr. Davis, without increasing prices. His recipe is greater production at lower unit costs. In terms of employment, the objective stated by Henry Wallace, Truman's secretary of commerce, is 60,000,000 jobs, several millions more than ever existed in the United States before the war. This depends on full employment in the major current activity of American politics.

The sole yardstick by which to judge this debate, and to judge whether the United States will succeed or not in attaining its objectives, is whether it will be worked out in terms of international collaboration. It will, of course, be worked out in a combination of these terms, and the result will be decided by which terms predominate in the decisions of the United States Congress.

The War Against Arthritis

By PEARL LANDSMAN

Heartening news to Canada's 600,000 chronic arthritics was received recently when G. B. Chisholm, MD, Canada's Deputy Minister of Health announced the inclusion of hospitalization and treatment for sufferers of arthritis in Canada's proposed National Health Bill. It was proposed that chronic rheumatic diseases, which include arthritis, be specifically mentioned in the new National Health Bill in the same category as tuberculosis, mental health and recognized major ailments.

Dr. Chisholm's statement is the first known major official step taken in Canada towards providing physical, financial and social assistance for the sufferers from arthritis, the dread disease recognized generally as Canada's number one crippler.

It is believed that arthritis is curable in its early stages and a great deal can be done in the later stages to check deformity and pain. Since arthritis has never been officially listed in medical records, its seriousness and widespread prevalence has never been brought to the attention of the public with the same forcefulness as other diseases.

Interesting individuals, among them many medical men and research workers, have, however, discovered some startling information.

More than 600,000 Canadians are victims of chronic arthritis. The disease is more prevalent than tuberculosis, heart disease, and cancer combined and is the greatest known physical cause of disability, unemployment and discouragement.

Though officially there is no admission in Canada that the disease exists, an arthritic cannot today avail himself of the security provided by health, sickness or accident insurance or hospitalization plans of any kind. Nor are the hospitals staffed with medical or nursing personnel specially trained to handle successfully arthritic cases.

Unofficial records divulge that in one of Canada's few hospitals where arthritics receive special treatment, 27 per cent of the patients are under 35 years of age and 60 per cent are under 50. In the same hospital there is a year round waiting list of from 40 to 60 arthritics applying from all parts of Canada and from the United States.

In the face of the ghastly toll which the young Canadians' medical officials have recently taken the first steps towards officially recognizing arthritis as a disease that must be combatted.

At the Dominion-Provincial Conference held at Ottawa in August the following recommendations proposed, among other health measures, the following:

1. Allocation of funds to provinces for erection specified diseases.

2. Special low interest rates for building of hospitals.

Provincial officials are now considering these and will return to Ottawa for another conference, November 26th. Arthritics are looking forward to the outcome of the November conference with enthusiasm and optimism. They hope that provincial governmental officials will follow up Ottawa's lead by listing arthritis among the major ailments to be cured with. Action is also sought for provision of special low interest loans for building of hospitals for arthritics.

Commenting on the proposed National Health scheme, Doctor Chisholm stated that proposals covering the whole field of health insurance and provision of complete hospital care for all diseases have been made for provinces and he hoped that an agreement may be reached through which all people of Canada will be able to have complete medical care. Treatment of course include any special treatment necessary for arthritis, Dr. Chisholm added.

Canada's Deputy Minister of Health has therefore assured the 600,000 victims of Canada that relief from the dread disease will be forthcoming provided of course, that the individual provinces will co-operate with the Federal Government.

Butchers Urge More Meat Cuts Be Unrationed

Removal of processed cooked meats and the less expensive cuts such as shank, plate and brisket from the present rationed list was sought in a resolution framed and approved unanimously by Edmonton butch ·. and meat dealers at a meeting Sunday afternoon in the public library. Less than 30 persons attended the meeting.

The resolution also embodied a complaint that the present rationing system not only restricted consumption but also discouraged production. It called upon the government to institute immediately a policy that would actively encourage production. With a progressive increase in production there would be no legitimate reason for a continuance of meat rationing.

FOR OTTAWA MEETING

The resolution will be forwarded to A. C. MacKay, Alberta secretary of the Retail Merchants' Association, for presentation and consideration at a meeting arranged with Ottawa officials this coming Wednesday.

Reason for the small turnout of local meat dealers was ascribed to possible confusion resulting from the reversion to standard time Sunday, when clocks in all provinces except Saskatchewan progressed backward for one hour.

Although packing plants had remained silent on matters affecting the meat dealers' protest, circumstances of the future might align them on the side of the butchers, said chairman Donald Scott of the Self Meat Market.

The government's action in removing from the rationed list heart, tongue and liver had helped considerably, he said, but bologna, sausage meat and wieners had dropped off in demand and were steadily accumulating in the packers' storage plants.

This did not jibe with the expressed opinion of another butcher who said he felt the retail trade would constitute little more than a nuisance to the packers when the government's stated intention of exporting meat to the hungry liberated countries of Europe became an actual reality.

WORK SIMPLIFIED

He said the packers' work in the disposal of fresh meats would be greatly simplified in that the dismembered carasses would be packed in cases of a uniform size and loaded into refrigerator cars adjacent to the plant, thus minimizing what otherwise would be a greater amount of handling.

The butcher said he was heartily in favor of Canada gong to the assistance of Britain and the liberated countries whose privation and dislocation through effects of the war were unimaginably great, and he would endorse any system that guaranteed they would receive needed supplies of meat. At this time, however, he said he believed the butchers were being treated "unfairly" through Ottawa's attempts to brand them as cranks and malcontents.

A federal government of the same political stripe as the one in power today existed during the depression, continued the meat merchant. "On my books are accounts of 42 customers who were on relief, and apart from relief I cannot remember any demonstrated anxiety on the part of the government to set up a comprehensive distribution of foodstuffs and other essentials," the butcher concluded.

POISTION UNDERSCORED

Prefacing his remarks with a request to the press not to use his name, one member of the meeting said he was employed in the meat deperiment of a large downtown department store. Meat retailers and master butchers were not being given the place of importance which was their due, he said. Their function as an agency of distribution between the packing plants and the consumer was one of undeniable essentiality.

The emergency which created a concentrated market for the bulk of Canada's meat made no difference to the fact that Canadian butchers had to live, and if plans to meet this emergency had overlooked the butcher they should be altered in the light of that discovery, he went on.

The conditions at present being experienced by the retail meat trade were somewhat new, but they brought with them a realization that in common with other trades and businesses there was need of organization. He noted the present efforts on the part of the Retail Merchants' Association to effect this objective and recommended butchers of the city to take out membership in that organization.

STRIVE FOR UNITY

A. F. Dreger, northern Alberta representative of the RMA, told the meeting his organization was working assiduously to unite meat retailers and butchers for their interests not only during the present controversy but for exigencies that might arise in the future.

Due to urgency of the situation and lack of adequate staff to contact all meat retailers and butchers in Edmonton, he appealed for their co-operation in voluntarily taking out membership within the next few days. The RMA was Dominion-wide in scope and with a strong membership it would have a strong voice in their interests.

East Steelworkers Refusing to Work

HAMILTON, Ont., Oct. 1.—(CP)—Contending it was in contravention to a union agreement with the company, about 60 employees of the Steel Company of Canada hot mill department did not report for work yesterday on what they said was a 17th weekly turn of shift.

The employees are members of Local 1005, United Steelworkers of America (CIO). A company official stated there was "no agreement with the union which limits the working hours of the departments to 16 shifts." Union spokesmen emphasized it was not a strike, merely living up to the agreement governing working hours.

U.S. Rescue Ship Is Safe in North

NARSARSSAUK, Greenland, Oct. 1—(AP)—The United States army transport Belle Isle, carrying to safety 11 soldiers rescued from a lonely radio weather outpost in the Arctic, reached the open sea off Greenland's east coast Saturday after a perilous voyage through the ice-locked Ekjoldungen Fjord. Tide and winds had swept huge chunks of ice into the mouth of the fjord, blocking the vessel as she sought to put out three days ago from Skjoldungen, where the American soldiers were marooned eight months after a snowslide buried their supplies.

Appoint Former Olds Car Dealer To Camp Borden Staff Position

OLDS—Appointment of Lt. Col. Frederick Thomas Jenner, former Olds automobile dealer, to the post of General Staff Officer at Camp Borden has been announced by military headquarters.

A native of Elkhorn, Man., Col. Jenner was born in 1909 and enlisted in the Canadian Army in August, 1940, being posted to the basic training centre at Red Deer as an instructor.

Joining the 14th Armored Regiment (Calgary Regiment Tank) as a troop leader, Col. Jenner proceeded overseas in June, 1941, as adjutant, and filled various appointments as staff officer. In 1943 he attended the sixth Intermediate War Staff Course at Royal Military College, Kingston.

In September, 1944, Col. Jenner was appointed second in command of the 10th Armored Regiment (Fort Garry Horse) and in February of this year was named to command the 27th Canadian Armored Regiment (Sherbrooke Fusiliers).

His wife lives at Red Deer.

LT.-COL. F. T. JENNER

Reorganize Troop Red Deer Scouts

RED DEER—Reorganization of the First Red Deer Troop, Boy Scouts has taken place with the appointment of Capt. W. A. Martin as scoutmaster. He was an assistant scoutmaster before the war and is a former Rover Scout. He recently received his discharge from the Canadian Army after six years' service, much of it overseas with the Royal Canadian Artillery. Under his leadership it is expected that the troop will gain in strength.

The scouts have been without a leader for the past year. At the next meeting he will give a talk on the importance of signalling and the part it played in the battle of Caen in which he took part.

A number of local officials attended the meeting when the new leader was officially installed. They included Cubmaster H. E. Callender; A. M. Lees, chairman of the Red Deer Scout Group Committee; G. N. Finn, a former chairman, and F. W. Storey, chairman of the Kinsmen Club's Scout committee. Scoutmaster Martin spoke in appreciation of the support of the Kinsmen during the past five years. The troop has $50 in the bank and all accounts are paid in full.

F. W. Storey has been appointed secretary-treasurer of the Kinsmen Scout Committee.

Clothing Drive Plans Completed

RED DEER—Plans are well completed for the opening of the National Clothing Collection campaign in Red Deer. W. J. Botterill is chairman of the committee which has been set up, with Ald. J. C. Knight as secretary. Representatives have been appointed from most of the bodies in the city. Those named to date include: IODE, Mrs. R. M. Beatty; United Church, Mrs. M. M. Cunningham; Red Cross, Mrs. A. G. Ayres and Mrs. W. J. Botterill; Order of the Eastern Star, Mrs. J. McRobbie; St. Luke's Anglican Church, W. F. Harris; Elks Lodge, F. Biore; Kinsmen Club, Morey McCoy; Lions Club, M. H. Megley; Rotary Club, H. Kerr.

The second floor of the Cockshutt Plow agency has been placed at the disposal of the committee by A. J. Foster and it will be used for storage. All contributions to the drive from city and district can be left there during business hours. The T. Eaton Company has donated the use of one of their windows to show the type of article which may be donated. Householders are busy looking for articles to give and a large collection is looked for.

Widely-Travelled Serviceman Home

CORONATION — FO. Claude Luke, RCAF, who has probably seen more of the world than any other local serviceman, arrived home last week. Flying from China to England and travelling from there to Canada by ship, he went overseas three years ago and flew for the Ferry Command. Later he saw service in the Mediterranean theatre, Egypt, India, China and other countries. His English wife and son reside with his mother, Mrs. William Biddle, of Coronation.

Towns Prepare 9th Victory Loan

WETASKIWIN—At a meeting of the War Finance Committee it was decided to combine Millet with Wetaskiwin for the Ninth Victory Loan campaign. C. B. McMurdo was chosen organizer and Fulcher, Cochrane and Mullen added to the local committee of Rapsnia, Draayer, Short and Simms. W. H. Odell, K.C., chairman, announced that four delegates will attend the provincial meeting of the War Finance Committee in Calgary, Oct 8.

CORONATION—List of officers and salesmen for the Ninth Victory Loan follows: chairmen, R. Ellis; vice-chairman, J. Anderson; publicity, A. Jenson, R. Denison and J. Stewart; secretary and unit organizer, D. A. MacAlpine; sales manager, the Rev. F. Forster; salesman, J. Anderson, W. Lamrock, C. Ross, J. Stewart, L. Clark, H. Allenson and W. Zinger.

Hardisty To Have New War Memorial

HARDISTY—At a meeting of the Athletic association in the IOOF hall, the Hardisty and District Citizen's committee was formed to plan, organize and collect funds to be used in building a recreation centre as a war memorial. Committee officers include: chairman J. McNally; vice-chairman, the Rev. A. Edworthy; secretary-treasurer, A. Ball. Funds will be raised through public subscription and the entire district will be canvassed.

GIANT CABLE SHIP

WALLSEND-ON-TYNE, England —(CP)—A cable ship, H.M. Telegraph Ship Monarch, believed to be the largest in the world, has been launched in this Northumberland town. The vessel, is about 480 feet long, more than 55 feet wide, and has a total coiling capacity of 12,000 feet of cable.

Outlook Gloomy As Mountain Area Crops Struck by Rain, Snow, Frost

ROCKY MOUNTAIN HOUSE—Continued rain and snow has made the crop prospect the gloomist most farmers here remember. Grain that is cut and stooked is growing in the stooks and little of it will be threshed. Farmers say that unless it dries quickly, the sheaves won't even make good feed.

About 20 per cent of the crop is not cut and many of the fields are under water. On high land, farmers still hope to cut the grain. No threshing has been done anywhere in the district.

The hay crop is about two-thirds of the average crop, and much of it has been ruined by wet weather. One farmer estimates that a quarter of his hay has been ruined in the stacks, and others have considerable hay cut but not stacked. All that is on the ground is ruined. Feed will be very scarce here this winter, although a month ago farmers expected to have plenty. Many are disposing of their cattle and pigs as a result of the sudden change in the feed situation.

District Officer Hurt In Collision

ROCKY MOUNTAIN HOUSE—Mr. and Mrs. J. H. Killick have received word that their son, Capt. Bernard Killick was injured in Holland when he was forced to drive his jeep into a tree to avoid hitting a Dutch cyclist. Capt. Killick received severe cuts on his face and is in hospital in Holland. He has been overseas four years. His wife and small son live at Portage la Prairie, Man.

Expect Start Work Water, Sewage

ROCKY MOUNTAIN HOUSE—Some time ago the town council hired a firm of consulting engineers to make a survey for a waterworks and sewage system. Two engineers who have been working here for some weeks, presented their report at the last council meeting. After thorough investigation, the engineers said that a waterworks and sewage system for the town would be easy, and not as expensive as in many towns of a similar size.

They advise wells somewhere between the railway station and the CNR roundhouse, with a standpipe on the hill north of town, which would allow flow to all parts of the town.

The North Saskatchewan river would take care of the sewage problem at a reasonable cost. The council on hearing the report, expect to go ahead with the plan next spring.

After Four-Day Row

Hirohito Put Foot Down When Jap War Lords Urged Fight Continue

TOKYO, Oct. 1.—(CP)—A strange story of Emperor Hirohito turning out his war lords as the war in the Pacific neared its end was told to me by two men who claimed to have knowledge of the circumstances.

They said Hirohito, at a stormy, four-day meeting of Japanese leaders starting Aug. 10 at the Imperial Palace, denounced his military leaders and insisted upon asserting his constitutional authority.

My informants claimed access to a notebook kept by an officer guarding the inner palace during this democratic session which was called to discuss the terms of the Potsdam declaration. The men who told the story are ardent admirers of Winston Churchill and the late President Roosevelt.

DRAMATIC HISTORY

They said that when the full account is given, it will make dramatic history. According to their story, the entire cabinet met the emperor, who patiently listened to pleas for the war's continuation, particularly by Field Marshal Gen. Suginama, who recently committed suicide, and Admiral Yonai.

"We'll fight on the beaches and even if we are driven back we'll fight from the hill tops and the mountain sides," they said. (Perhaps unconsciously, the Japanese war lords were paraphrasing Mr. Churchill's famous speech of defiance in the British house of commons following the fall of France in 1940, when Britain stood alone against Germany.)

The Emperor is then reported to have said: "You foolish men. You've cheated me long enough. I've known all along you've been cheating me but I've refrained from saying so."

However, the parley continued until finally, his patience exhausted, Hirohito adopted an unprecedented course. He rose and addressed the ministers, including the silent war premier, Tojo. Normally he remains seated when speaking.

RULED LONG ENOUGH

"You've been ruling me long enough," the notebook quoted him as saying. "I don't wish to be thus ruled any longer. I want this war to finish. Once before, my grandfather, Meiji Tenno, had the same trouble when he was over-ruled by his statesmen and there was very great trouble in the nation until he had to stop the war and revive the country. This is the second time and I don't want the nation thus ruined again."

Then the terms of the Emperor's forthcoming announcement to the people were discussed and Hirohito was noted as saying: "You make several copies of the rescript so that if one is burned or others are destroyed, I'll still have one left. I'll sign it myself and I will personally speak to the nation. Thus the people will know I wasn't made by others to take this action and that I wish this war stopped.

"For the first time in my life I will speak to the people myself."

Protests followed the emperor's dramatic statement to the effect that Hirohito couldn't break precedent by broadcasting.

"I'll speak," he announced firmly.

BOWED AND WITHDREW

The awe-stricken ministers bowed and withdrew to gather in the hallway outside and discuss the situation. The officer possessing the notebook made the notes immediately afterwards and it is from this record that the story is given.

MEET "LILY" . . . THE FLOATING LANDING FIELD—Long a favorite dream of imaginative inventors, floating airfields resting on the sea actually were built and used by Britain. Ocean landing strip, shown above, is made up of hundreds of hexagonal cans covered with canvas matting, assembled so that motion of waves increases tension. Inventor, R. M. Hamilton, claims strips will remain level in waves up to 36 feet from crest to crest. British call the assemblage "Lily", from resemblance to water-lily pads.

Truman Calls For Full Investigation Of Refugee Problem

WASHINGTON, Oct. 1.—(AP)—President Truman, informed that many Jewish refugees in Germany and Austria are being treated "as the Nazis treated them except that we do not exterminate them," has ordered Gen. Eisenhower to "clean up the conditions" and report to him as soon as possible.

A lengthy report describing how displaced persons, particularly Jews, are living under guard in crowded camps under unsanitary conditions was made public by the White House Saturday night. Along with the report, made by Earl G. Harrison, American representative on the inter-governmental refugee committee, was a letter the president sent to Gen. Eisenhower which concluded with this statement:

"I'm communicating directly with the British government in an effort to have the doors of Palestine opened to such of these displaced persons as wish to go there."

Two RCAF Members Back From Japan

VANCOUVER, Oct. 1.—(CP)—Two of Canada's first RCAF liberated Japanese prisoners of war arrived here yesterday with a group of 27 Canadian army repatriates. Captured during operations over southeast Asia, the airmen were Sgt. L. E. Keene of White Rock, B.C., and Sgt. J. W. Kinsman of Winnipeg. Considered by army officials to be "in the best shape" of any of the Hong Kong repatriates that have arrived in Vancouver thus far, the men said that they knew of the Japanese surrender long before the civilian population. Most of them had been prisoners of war in a camp at Osaka.

Bolivia has two capital cities—La Paz, the actual seat of government where executive and administrative work is conducted, and Sucre, the legal capital where the national Supreme Court holds its sessions.

One Canada Vote At World Congress

PARIS, Oct. 1.—(CP)—Canada has been allotted one vote at the World Trade Union Congress now under way here, the credentials committee disclosed Saturday in releasing its report on representation.

Pat Conroy, secretary-treasurer of the Canadian Congress of Labor and sole Dominion representative at the conference, protested as inadequate the allocation to Canada.

Biggest individual voting power went to Russia, credited as representing 27,000,000 workers. She was given 41 delegate votes. Great Britain and France each drew 23 votes on the basis of representing more than 6,000,000 and 5,850,000 workers, respectively.

The all-CIO delegation from the United States will be allotted 20 votes on the basis of representing 6,000,000 workers.

Time Announced For World Series

NEW YORK, Oct. 1.—(CP)—The world series gets off to a start at 1:30 p.m. E.S.T. (11:30 M.S.T.) Wednesday, Oct. 3 at Briggs Stadium, Detroit when the local Tigers meet the National League-winning Chicago Cubs.

The first three games will be played the American League Park and the teams will then move to Chicago—with no day off allowed for travel—to complete the series at Wrigley Field. The first Chicago game will be Saturday, Oct. 6.

If any postponement is necessitated the game will be played off in the city where the postponement occurred.

Louisville Wins Playoffs In AA

ST. PAUL, Oct. 1.—(AP)—Louisville Sunday won the right to represent the American Association in the little world series against the International League representatives by defeating St. Paul 6-1 in the Association play-off finals.

The Colonels, after dropping two straight at Louisville, came back to win the next four games and take the series four games to two.

Louisville	000 200 040—6	10	1
St. Paul	010 000 000—1	7	2

30,000,000 Children will go cold . . . UNLESS YOU HELP

NATIONAL CLOTHING COLLECTION

Sponsored by
THE CANADIAN UNITED ALLIED RELIEF FUND
ON BEHALF OF UNRRA

HARD AND CRUEL have been the lives of young ones in war-torn countries. More than 30,000,000 children, in Europe alone, are today without adequate clothing. Bitter winter weather is at hand. Death from exposure threatens countless thousands of them.

Canada must help clothe these pitiful little ones and their needy, destitute parents. Every available piece of serviceable used clothing must be rushed to their relief.

Look through your clothes closets and attics. Get out all the usable discarded clothing, footwear and blankets you can spare. Every garment helps. The need is urgent. Act NOW!

What You Can Do

1. Get together all the serviceable used clothing you can spare—men's, women's, children's, infant's. Also old blankets and footwear.
2. Take your contribution to your nearest Post Office or any official COLLECTION DEPOT.
3. Support your Local Committee not only with clothing but with your time, effort and energy.

The Bulletin's SPORT SHOW by Hal Dean
SPORTS EDITOR

THOSE 1,900 hockey fans who took in the Canadian Athletic Club's junior session at the Arena on Saturday night saw a game which closely resembled senior hockey and it was quite obvious most of them enjoyed it. The boys really went to work on each other.

If the sample is any criterion of future performances of the Canadians, western junior clubs are in for tough opposition. Twenty-five players were used, all of whom were battling for berths on the club. Looks as if Louis Holmes will have a job on his hands in saying who's who, for most of the material is high class.

City Blues outshot Town Reds 52 to 42. Alex Cavelli having to handle 17 in the first period, 18 in the second and 17 in the third. Don Murray stopped eight out of the nine fired his way in the period he worked. Sammy Hergert had to deal with 16 in the sandwich session and 17 in the final canto.

Ian Watson, smart Calgary goalie, who was trying out, may be lost to the club for the rest of the season as a result of the accident Friday night. Ian had suffered a fractured nose while playing football in Calgary a short time ago and the bone was badly shattered by the flying puck on Friday, necessitating an operation. Twenty stitches were required to close a skate cut in Jack Davies' leg Saturday. But the Canadian juvenile defence ace says he'll be back on the ice in a few days.

HERE AND THERE . . .

THE Junior football squad of the Canadian and Edmonton Athletic Clubs, just wasn't good enough for Calgary's Blizzards yesterday afternoon, but looked better in the third and fourth quarters. The experience gained, though, will help next time out.

That crowd of 4,500 included a smartly dressed couple which contributed exactly two coppers as an admission offering, and an extravagant individual who squandered five. But then, amongst the good guys, was one who handed in a two-dollar bill and refused to take any change.

Of the 14 first downs which Calgary gained, 11 were marked up in the first half. There were several wild heaves amongst the passes attempted by Edmonton. Only one out of five tried in the second quarter was good, and one of seven in the fourth.

The second football game between Army anu Navy Pats and Work-Rite, yesterday afternoon, was the 190th played at Kingsway Park this season. And Mary Millar, official statistician, has scored all excepting the few while she was on a two-week vacation.

Little Wolf, 235-pound grappler who goes on display in Tommy Tasker's mat extravaganza at the Empire tonight, received most of his schooling in the Haskell Institute, Lawrence, Kansas. "Books and I didn't agree," says the Indian, "so it was the eighth grade for me." But he admits, "A fellow could play football without passing exams in my day." Little Wolf was only a 135-pound midget when he started wrestling.

Tigers and Cubs Meet in World Series

Greenberg Slams Out 4-Run Homer

By GAYLE TALBOT

ST. LOUIS, Oct. 1—(AP)—A mighty home run by Hank Greenberg with bases loaded in the ninth inning proved the championship punch for Detroit Tigers Sunday as they beat St. Louis Browns 6-3 in the first game of a concluding doubleheader at Sportsman's Park and avenged up the American League flag.

Never was a title won in more dramatic fashion. Premature darkness was settling over the field and a light mist was falling as big Hank stepped up with his team a run behind and just one of Nelson Potter's screwballs a tremendous ride into bleachers just minutes the left-field foul line.

The Tigers, the long strain of the flag race suddenly ended by Hank's big whack, raced out of their dugout in a body to meet the tall fellow as he trotted across the plate. It was Hank's 13th circuit blow since he rejoined the club in July.

* * *

It came just in time, too, as the clubs barely had begun the second game a few minutes later when rain, which had delayed the opener nearly an hour, washed out any further play for the day. It rained off and on throughout the decisive contest and the field was so muddy at times the players had difficulty wading around.

Greenberg's sock buried Washington Senators' last hope of finishing in a tie and squared the Tigers away for the opening game of the world series against Chicago Cubs Wednesday in Detroit. After having "backed" close to the title in recent weeks, the Bengals finally won it like true champions, coming from behind to assert their leadership.

Hal Newhouser was credited with the triumph, his 25th of the season against nine defeats, although he relieved Virgil Trucks in the sixth inning after the recent navy dischargee got into trouble and, though the Browns scored both in the seventh and eighth innings, Greenberg's wallop saved his bacon.

* * *

Al Benton hurled the last inning for the Browns and it will be a bad day of a slick double play, easily protected the club's fat lead. The game ended on a beautiful one-handed catch by Skeeter Webb at shortstop on Len Schulte's looper into short left field.

STIRNWEISS COPS TITLE

NEW YORK, Oct. 1—(AP)—George Stirnweiss slashed out three hits Sunday to capture American League batting championship as New York Yankees blasted Boston Red Sox 6-3 behind lefty Joe Page. It was the Yanks' 16th victory in 20 meetings with Boston as the club closed the 1944 season before a crowd of 10,548 sending the Yankees home today with a record 1,014,526.

Stirnweiss finished with .309 to nose out Chicago's Tony Cuccinello by one point.

Tigers Favorites In World Series

ST. LOUIS, Oct. 1—(AP)—James J. Carroll, betting commissioner Sunday established Detroit Tigers as the favorites in the betting to win the 1945 series against Chicago Cubs.

Carroll announced that a bettor favoring Detroit would have to lay $13 to net $10. However, a bettor favoring Chicago could get a net return of $11 on a $10 risk.

His series odds did not specify any certain number of games.

HIGHLIGHT PENNANT DRIVES—Hank Borowy, above left, former New York Yankee who Chicago Cubs paid $100,000 for mid-way through the season, and Hank Greenberg, right, hard-hitting Detroit outfielder who returned to the Tigers' lineup during the season, played the leading roles in the clinching of the world series berths for their respective clubs. Borowy hurled the National League victories that gave the 4-3 win over Pittsburgh and Greenberg tacked a dramatic finish onto a pennant-winning drive when he banged out a grand-slam homer in the ninth inning to give Detroit a 6-3 triumph over the Browns for the American League championship.

Hank Borowy Settles Race For Chicago

By SID FEDER

PITTSBURGH, Oct. 1—(AP)—The Cubs are in. The Chicago champs who took over the National League in July and held it all the way against the surge of St. Louis Cardinals, nailed the pennant to their flagpole Saturday for the first time since 1938.

The $100,000 "pennant insurance" they brought from New York Yankees in mid season—Hank Borowy—paid off in the clutch with an eight-hit 4-3 victory over Pittsburgh Pirates in the first half of a double header that put the flag on ice, giving the Cubs their 16th league crown since 1876 for an all-time high. This one broke a tie at 15 apiece that they'd been in with New York Giants since 1938.

Just for good measure, the Cubs also took the darkness-shortened second game 5-0 in seven innings with Hi Vandenberg and Lon Warneke divding the pitching chores and catcher Paul Gillespie whacking a two-run homer.

* * *

It marked, too, the third Cub championship conquest under the leadership of Jolly Cholly Grimm.

Back in 1932, Grimm took over in mid-season and piloted the windy city wallopers to a pennant, then was whipped in the world series by the Yanks. In 1935, he put them on top again, only to lose a six-game series to Detroit, the outfit that will be the party of the second part when the fall frolics open next Wednesday.

Borowy and his mates had to come from behind in the seventh and ninth innings to reach the payoff window Saturday, and then Hank had to call for the bullpen fire department of Lefty Bob Chipman and Peanuts Paul Erickson to put a Buc blaze that threatened to burn up the pennant party at the last minute.

But when Erickson pushed a wide-breaking curve past pinch hitter Tom O'Brien, with Pirates on second and third and two away in the ninth, it was all over. And Borowy's game was saved for his 11th win against two defeats since the Cubs bought him.

The "crusher" had been applied by the Cubs in the top half of the ninth when handy Andy Pafko's fly ball, with the bases loaded and two out, crossed Stan Hack, who walked, scampering home with the game-winning marker. Pafko did his stuff against Nick Strincevich, former Toronto hurler, who came on in that spot after Fritz Ostermueller's portside shots had given up all 10 of the Cub runs during the game.

Peanuts Lowrey, the fleet left fielder, knocked in the first Cub run with a first inning single and the third one in the seventh with a single. The second tally came undetected in the fifth, when Frank Gustine, the Buc short fielder, threw Stan Hack's ground ball low past first.

AN ANTI-CLIMAX

PITTSBURGH, Oct 1—(AP)—Things were anti-climatic for the National League champions Chicago Cubs Sunday as they closed out the season by downing Pittsburgh Pirates 5-3.

A small crowd of 3,781 shivering in the chill autumn sun watched the Cubs win their 86th game of the season.

CARDS WIN ON RICE'S HOMER

CINCINNATI, Oct. 1—(AP)—Del Rice Sunday hit his first major league home run to give St. Louis Cardinals a blue line at 3:06 and Ross knotted the count at 3:28, camping right in front of the Red net to take Luchini's pass.

Leveque's second goal on Leo Sorsa's pass was a honey. The Reds' right-winger cut in front of the goal, drew out the goalie and slipped the puck into an open net.

Kewziak's goal which came at 16:28 was a back-hander. Doug Anderson drawing the assist and Slater fired the final tally at 19:38 from Fred Spence's pass.

Four Minor Games On The Final Day Canadian School

The minor classes of the Canadian Athletic Club's hockey school wound up on Saturday afternoon at the Arena with games played in the pee-wee, midget and juvenile divisions.

In the first pee wee game the Stadium Flyers edged out the West End 4-3. Leading the attack for the winners was Bodnak who sank the disc in the West End net twice, with Myers and O'Shea supplying the other two.

Downey with a pair and Anderson with the other were the scorers for the Arrers.

Highlands nudged out Calder 2-2 in the other pee-wee game with Smith, Higgins and Wade being the marksmen for the winning club. For the losers Downey and Ross hit the twine.

Leo LeClair and Jim Fleming handled the whistle for both games.

The midget fixture was one of the closest played games of the day. With the West End eking out a 1-0 shutout over the East End. The lone tally was rung up by Haley from Loftus.

Some interesting hockey was dished up in the juvenile encounter as the West End just managed to squeeze out East End 4-3. The boys in this game were full of pep and feelings at times ran a little on the hot side. Two majors were handed to Blain of the West End and St. Arnaud of the East End.

Smart, Blake, Halverson and Head notched the Centurers' goals, while Pollock, McAuley and Sparks scored for the losers.

First Hockey Game

Canadian Town Reds Beat City Blues 8-7

BACKED up by sound net-minding of Alex Cavelli, Town Reds edged out City Blues by 8-7 at the Arena on Saturday night in the finale of the Canadian Athletic Club's puck school. The game looked more like playoff hockey that merely a season's opener after just six days' drill.

Don Slater, speedy juvenile leftwinger from Winnipeg, scored three goals for the Blues and assisted in another, while Louis Leveque with a pair and two assists, and Doug. Anderson with a brace of markers and one assist, led the offensive for the Reds.

Len Howell, Eddie Thomas, Cy Thomas and Henry Kewziak for the Town sextet and Bill Johnson, Ron Matthews, Leo Luchini and Harvey Ross, of the Blues, were the other goal-getters.

Bobby Carse, ex-Chicago Black Hawk, handled the Reds, while Louis Holmes, Canadian junior coach, was in charge of the Blues.

Ross beat the Town goalie, but the play was called back for an offside.

"Red" Howell deadlocked the count at 18.05 from a scramble on a rebound from Eddie Thomas' shot.

BLUES' GOALIE BUSY

Sammy Hergert went into the nets for the Blues at the start of the second period and spent a busy 40 minutes having 32 shots to handle during the two sessions.

Cavelli saved two quick shots from Luchini and Ross, and Dick Sloan sent a Blues' post by inches after cutting in from the wing.

Doug. Anderson put the Reds out in front at 2.55 on Leveque's relay. Bill Johnson came right back in 17 seconds with one for Blues on a three-way effort with Slater and Bob Fleming.

Eddie Thomas put Reds up 3-2 at 4.30, scoring on a rebound shot from about 20 feet out on John Rypien's rebound.

SLATER SCORES FIRST

First shot on goal of the season went to Leo Luchini, promising young Gadomin centre, who hit the post when the game was only a few seconds old after taking a pass from Calgary's Harvey Ross. Doug Anderson and Louis Leveque, St. Boniface airman stationed here, replied with the two for the Reds which were turned aside by Don Murray.

With Ross serving a penalty for interference Bill Johnson blazed a hot one which Cavelli saved nicely. Cy Thomas got through but Murray saved and Johnson and Matthews combined but Cavelli made another fine block. Anderson and Kewziak got in drives at the Blue goal.

Don Slater beat Cavelli just after the 11-minute mark on a lone effort. The nifty left-winger carried the puck from centre-ice, swung over to the left boards after crossing the blue line and let fly a scorcher which caught the far corner of the net just inside the post.

Blues were shorthanded when Leveque netted at 8:29. Bill Gadsby drawing an assist, and two Reds were serving penalties when Slater registered at 12:48 with the help of Matthews.

Cy Thomas scored on a breakaway, but the goal was washed out. Doug Anderson put Reds up 5-3 in the last minute of the period on a pretty passing play with Leveque.

SEVEN GOALS IN THIRD

With Rypien off for a tripping penalty, Cy Thomas went through alone and caught the upper left corner of the net behind Hergert to raise the score to 6-3 at 1:44 and nine seconds later Luchini slapped the puck past Cavelli after taking Ross' passout from behind the Reds' goal.

Matthews reduced the margin to one on a lone rush from his own

Calgary's Blizzards Blank Athletics 20-0

HOLDING a wide margin in all departments, Calgary's North Hill Blizzards rolled up a 13-point lead in the opening quarter and went on to administer a 20-0 shellacking to the Athletics, junior football entry of Canadian and Edmonton Athletic Clubs, at Clarke Stadium on Sunday afternoon. The crowd was estimated at 4,500.

The Calgarians with a couple of league fixtures and a month's training to their credit were much too good for the Edmonton boys during the early part of the game, but were given a stouter argument in the late stages.

The Blizzards collected 14 downs, as compared to eight for the Athletics and they completed two forward passes out of five attempts. Edmonton tried 15 forwards and only two were good.

TOUCHDOWN BY AITKEN

Dobbin ran the ball back from his own 27 to Edmonton's 33 on the kickoff. A forward, Dobbin to Thurn was good for 23 yards and after failing a repeat to Finney, Atkinson hoisted another kick to the deadline for a 7-0 count.

Edmonton failed to make yards, although Ross and McPherson made nice gains. McPherson kicked.

Aitken went around the right end on the first down for another touchdown and when Carmine converted the score zoomed to 13-0.

On the first down after the kickoff Hank Carmine ran the ball 46 yards and appeared to be in the clear when Joe Hornesty brought him down. Calgary kicked to Hornesty on Edmonton's five yard strip and Hornesty ran the ball to the 15. Larson gained eight yards on the first down and McPherson added five more for Edmonton's first yardage gain.

Capt. Ray Arjo, sports officer at the U.S. Army Air Base here, supplied the ceremonial touch by kicking off to officially open the football season in Edmonton. Flt.-Lt. Gordon Williamson, former sports announcer, did a good job with the "mike."

ATKINSON USES WIND

Edmonton kicked off and Calgary lost no time in taking advantage of the heavy wind. Dobbin picked up yards and then threw a forward to Finney for nine. Hesellon moving the sticks again. Jim Atkinson then booted the ball from the Edmonton 47 for a single point.

A blocked kick when McPherson failed to get the ball away in time on the third down gave Calgary possession on Edmonton's 28.

Dobbin, best ground gainer on the field, went seven yards on the first try and Carmine galloped around left end behind nice blocking and went over for a touchdown to make the score 6-0. Dobbin attempted to run the convert, but was nailed just outside the line.

An Edmonton fumble on the 30-yard strip gave Calgary another touchdown early in the second. Dick Carmine dribbling the ball to make the count 18-0. There was over the line and falling on it no convert.

McPHERSON TO KERR

Larson and Ross combined for a 20-yard gain and Edmonton moved the sticks again just before half-time when McPherson fired forward to Clem Kerr good for 26 yards.

The Edmonton line held better in the third quarter and Calgary pounded out a single point rouge following a kick by Hank Carmine.

Hornesty and McPherson moved the sticks to Edmonton to give them an even break with the opposition for that quarter. Dobbin picking up yardage twice for Calgary.

Edmonton tried several forward passes in the final quarter only one being completed—Hornesty to Kerr for 15 yards. R. Bellman went through for five more for a first down. McPherson plunged 25 yards to move the sticks in the period.

Calgary was held to one first down Dobbin again being the yards-maker

Beaches Undefeated

Three-Way Tie for Lead In Ontario Grid League

TORONTO, Oct. 1—(CP)—Three teams shared leadership in each of eastern Canada's major football leagues as the third week-end of competition produced close contests on all fronts.

Toronto Balmy Beach, the only undefeated club in the Ontario union which opened a week earlier than the big four, were deadlocked for first place with Toronto Oakwood Indians, whom they defeated 16-15 under floodlights at Toronto Friday, and Hamilton Wildcats, who shaded Windsor Rockets at home Saturday.

Indians and Wildcats both have lost one game, but their two victories were good for a tie with Beaches who played one less game.

In the big four Saturday Ottawa Rough Riders, beaten by Toronto Argonauts at Ottawa the previous week, avenged the loss with an 8-4 triumph. That left Argos and Riders tied with Hamilton Tigers, who opened the Big Four season Saturday night under floodlights in Montreal with a 5-0 victory over Montreal Hornets.

In an exhibition game Saturday, Ottawa Trojans of the ORFU defeated Verdun Grads 38-0.

George Fraser's 32-yard placement in the dying moments of the game gave Ottawa their 8-4 verdict over Argos, who appeared to have clinched the verdict a few plays earlier when Royal Copeland hurled for a try which gave the Toronto club a 6-5 edge. But Fraser, who collected all Ottawa points on two placements and two singles, stepped back from his line post to whistle a low drive through the posts for the winning margin.

In the other big four game at Montreal, the untested Hornets provided surprisingly strong opposition to Tigers. The only score of the game came on Jimmy Smith's bullet pass to Doug Irgine.

Similarly in the only Saturday game in the ORFU Rockets were stiffer foes than Wildcats expected. Beaten 21-6 by the Hamilton team in a previous meeting, Rockets held the winners to a touchdown by Len Wright and a fourth-quarter single by the same player.

Pats Stage Strong Comeback To Capture Fastball Honors

After losing the first game of the best-of-three series, the Army and Navy Pats evened both ends of the twin bill against the Walk-Rites yesterday afternoon at Kingsway Park to win the City Senior Girls' Fastball League championship. The score of the first game was 7-5, and second and deciding one 4-2.

In the opening fixture that deadlocked the series, the winners notched all their runs—four in the fourth and three in the fifth—in two innings to break away from an early 2-0 Walk-Rite lead. The losers' other runs were scored in the sixth and last frames.

The important contest, the second one, was closely fought all the way with tension at a high peak until the final out. Both the Walk-Rites mackers were chalked up with a zinglieton in each of the fourth and fifth stanzas, while the Pats rallied for three in the lucky old seventh, and increased their lead to a brace with another tally in the eighth.

Singles by Marge Royce and Francis Zavitz, and a stolen base got the Walk-Rites a run in the fourth, while three errors and a single by Isobel Whitley was responsible for the other in the fifth.

Four singles, one each by Winnie Reid, Jean Stewart, Mary Jensen and Audrey Wellman, plus an error and a fielder's choice, were the reasons for the Pats three-run rally in the seventh that meant victory and the title for them. The final run in the ninth was scored on double by Thora Stewart, a single by Winnie Reid, and an error.

Audrey Wellman, Pats' third backer, was leading hitter with two for three.

GIRLS—"I guess I'll never learn. Dear! We'll just have to hire your old mess sergeant to cook for us!"

Indian Wrestler Anxious to Meet DeGlane Tonight

Chief Little Wolf, who wrestles Pierre DeGlane in one of the feature events of the big wrestling card at the Empire theatre tonight, arrived in Edmonton in the course of his new campaign for the world's championship that he figured he missed only because he enlisted in the United States Army.

The first bout starts at 8.30 o'clock.

"If I can beat DeGlane that will put me in line for a big match in Boston some time in the near future. This DeGlane has beaten some of the best there are since I have been in the services and if I can beat him I think you'll see me wearing the crown," the famous Indian wrestler said last night.

Just to look at the man is about enough to scare an opponent away. He stands just a little over five feet in height, weighs around 250 ponds and his shoulders are as wide as a yard ruler. But the man, although at times gets a little riled up in the ring, is a very interesting character to carry on a yarn with. He has wrestled in seven different countries and can carry on a conversation by the hour talking about some of his experiences.

While Little Wolf individually carries a lot of interest among the wrestling fans, the match that the fans are eager to witness is the other main event between Jim Wright of Texas and Dazzler Jim Clark of St. Joseph, Missouri. Many grappling fans in the city are not forgetting the riot the tough Texas matman caused in his last appearance here a couple of weeks ago, and are hoping that Clark is good enough to pin his ears back.

Seattle Defeats Portland Twice

SEATTLE, Oct. 1.—(AP)— The Seattle Rainiers kept this section's Pacific Coast Leagues playoffs alive Sunday by sweeping a double-header, 7-4 and 4-2, from the champion Portland club. The twin wins left the best-of-seven series even at 3-2 in favor of Portland with a single game scheduled for tonight.

Six Teams Tied

Chesterfield Hard to Stop In North League Soccer

LONDON, Oct. 1.— (CP-Cable) — Chesterfield, a strong leader in Old Country Football's North League, improved its position Saturday with a 5-0 decision over Sunderland.

Tightening competition in this league left six teams sharing second place: Liverpool, Sheffield Wednesday, Bolton Wanderers, Blackpool, Stoke City and Bury. Bradford, after a 1-0 victory over Blackpool, now shares third place with Huddersfield Town and Barnsley.

In the Southern League, the revitalized Tottenham Hotspurs beat the leading West Bromwich Albion 4-2.

Charlton Athletic took over southern leadership after beating Luton 5-1. Aston Villa, climbing fast, beat Arsenal 3-1, with Arsenal's starry Bryon Jones having little chance to show his skill. Aston Villa and West Bromwich now share second place in the league. Birmingham City, Wolverhampton Wonderers and Chelsea are tied for third.

In the Scottish Division "A", Aberdeen remained at the top after a 1-1 tie with Partick Thistle. Rangers and St. Mirren tied 2-2 and Motherwell defeated Clyde 3-2. Rangers, Hibernian and Motherwell are now tied for second place.

Scottish Division "B" saw Dundee take over as leader after downing Raith Rovers 5-0. East Fife, beaten 3-2 by Albion Rovers, stands second. Dunfermline Athletic lost to Ayr United 3-2 and these teams now share third place.

Sacramento Cops Two From Seals

SAN FRANCISCO, Oct. 1.—(AP) —The Sacramento Solons rose up Sunday to defeat the San Francisco Seals, 4-1 and 5-2, and force their Pacific Coast League playoff into an extra Monday game.

The Seals had won three straight going into yesterday's doubleheader and needed only one of them to clinch the right to meet the winner of the Pacific Northwest playoffs.

Sixteen Teams In Service Club Bowling League

Largest league consisting of service club teams to operate in Edmonton for many years was organized recently when bowlers representing nine service clubs, formed a 16 team league. T. A. Shandro was elected president of the league and Adolf de Bruijn was appointed secretary-treasurer.

The league will operate on Tuesdays and Thursdays, with eight temas playing each day on a shuffle basis. This arrangement was found necessary because of lack of 16 alleys on any one day of the week. The shuffle will make it possible to have the 16 teams operate as one league despite the fact that some bowl Tuesday and some Thursday.

Three teams have entered from each the Rotary and Kiwanis clubs, two each from the Kinsmen, Gyro and Junior Chamber of Commerce, and one team each from the Optimist, Cosmopolitan, Lions and Y's Men. The League will open Tuesday. All players are asked to be on hand at 5:15 so that all games will be under way by 5:30 sharp.

Busher Among Leading Ten Money-Winning Race Horses

NEW YORK, Oct. 1—(AP)— Busher, the great three-year-old filly owned by L. B. Mayer, today was tenth among the leading money-winners of all time and before the current United States racing campaign is over the chestnut speedster may move into the first three ahead of the famed Sun Beau.

The daughter of War Admiral replaced Zev in the charmed circle Saturday when she beat 13 other three-year-olds in the $50,000 added Hollywood Derby at Hollywood Park and earned another $40,470 for her movie executive owner. The triumph tilted Busher's earnings to $316,590 in 20 races against the $313,639 won by Zev in 43 starts.

The classy filly is entered in a couple of other rich coast stakes and the $376,744 Sun Beau record is within striking distance. Whirlaway holds the money-making championship with $561,161 and Seabiscuit is second with $437,730.

In scoring her ninth triumph of the season, Busher gained revenge on a couple of colts that nosed her out of first place in two other rich events. Quick Reward, her conqueror in the Will Rogers mile, was third while Bymeabond, who halted Busher in the Santa Anita Derby, was an also ran.

Swift's, Packers Still Deadlocked In Intermediate

Canada Packers and Swift's split a game each in the Intermediate Men's Fastball League playoffs for the city championship in a double-header played at Diamond Park yesterday with the former taking a close 3-2 win in the first half, and the latter finishing on the long end of a 13-6 score in the nightcap. The series is now deadlocked at two games apiece.

Canada Packers finished off their triumph in typical playoff fighting spirit. Trailing 2-1 at the end of the eighth inning, they rallied for two runs in the last frame to cop the verdict by the odd tally.

Big hitters for the winners were Walter Barron with a double in the eighth with one on and Bill Slider also with a two-bagger in the ninth with a couple of mates aboard. Art Dallinar and Jim Brault, both with a two base knock with one on in the sixth were long hitters for Swift's.

In the second encounter, Swift's had three big innings that gave them the upper hand. They chalked up a trio in both the first and sixth frames and had a big merry go round for six runs in the fourth stanza.

Score by innings:

First Game			
Canada Packers	000 000 012—3	10	4
Swifts	000 002 000—2	7	3

Chicago Hawks' School Starts Today At Regina

REGINA, Oct. 1.—(CP)—One of Regina's busiest men is Johnny Gottselig, coach of the Chicago Black Hawks of the National Hockey League, who is now setting up camp for more than 50 players scheduled to arrive here during the week-end for the first N.H.L. training ever attempted on artifical ice of Queen City Gardens.

Pucks started to fly today, and the squad of players is so large that Gottselig intends to divide them into three shifts. Workouts will be held behind closed doors.

Poring over his player list, Gottselig came up with these names.

Goal—Mike Karahas, Sam Lopresti, Doug Stevenson (Edmonton), Doug Jackson, Billy Taylor (Winnipeg) and Ed McAuley (Calgary).

Defence — Joe Cooper, Johnny Mariucci, Reg Hamilton, Cully Simon, Ralph Nattrass, George Allen, Dave McKay.

In addition, old timers such as Doug and Max Bentley, Cully Dahlstrom, Clint Smith, Don Grosso, and Red Hammill will attend. Cleveland Barons will be sending amateurs along and coach Bill Cook will arrive next week to handle them in conjunction with the Hawks, who are operating the camp.

The Vatican City state was named Feb. 11, 1929.

TODAY'S MARKETS

Toronto Stocks

TORONTO, Oct. 1—(CP)—The stock market slipped in the closing stage today and the mid-day gains were largely erased. The trading developed chiefly in the secondary and junior golds and many of the penny golds were up narrowly at the finish. Trading was again quite heavy, bringing the aggregate up to about 2,500,000 shares.

Montreal & Toronto

MONTREAL, Oct. 1—(CP)—Securities generally moved along a narrow path in trading on the stock markets up to the final hour today with a few issues providing brighter spots by touching their best levels for the year. Consolidated was at a new top in papers. Also "A" and "B" were at new peaks in liquors and Seagrams was also firmer and Canadian breweries preferred and brewers and distillers were shaded.

Erase Early Gains In Winnipeg Trade

WINNIPEG, Oct. 1—(CP)—Wide gains scored earlier in the trading were sharply reduced near the close of the session in rye future trading on the Winnipeg grain exchange. Upturns at Chicago in the first half encouraged local and commission house buying while offerings were light. Near the close, the Chicago market turned easier which brought out more liberal selling here. Trading was on the dull side and out side interest in the market appeared light.

At the close prices were ½ higher to unchanged with Oct. at $1.74⅝b, Dec. $1.69¼, May $1.64⅞a, and July $1.54⅛-¼.

LONDON STOCKS

LONDON, Oct. 1—(Reuters)—The stock market again spent a quiet session today.

Selective support appeared for industrials with British Celanese again strong, closing one shilling higher at 34 shillings, but demand found the market short of stock. Some textiles met quiet selective support and tobaccos and breweries also ruled firm.

British home rails were easier, due to absence of interest. Foreign issues generally ruled quiet but international dollar stocks were higher in unison with firmer New York advices.

Predict 8,000,000 Jobless in States

WASHINGTON, Oct. 1—(AP)—Reconversion Director John W. Snyder said today there may be 8,000,000 unemployed in the United States by next spring with "high unemployment" persisting through 1946.

Mr. Snyder's forecast was based on the contention that job-giving will be unable to keep pace with a prospective million-a-month demobilization.

But he was "firmly optimistic" about the future, provided the country works as a team. He asserted Congress should act promptly on those four points in the President's program calling for "full employment, transitional tax adjustments, broadening and raising unemployment compensation, and raising minimum wages."

CREAM PRICES

Prices for cream delivered to Edmonton creameries: Special grade, 42; No. 1, 40; No. 2, 35; off grade, 30.

All prices include government bonus of 10c to farmers.

EGG PRICES

Dealers now paying to country shippers: A large, 36; A medium, 34; A pullet, 22; grade B, 24; grade C, 18.

Wholesale to retail: A large, 43; medium, 41; A pullet, 35; B, 31; grade C, 24.

Retail to consumers: A large, 49, A medium, 47; A pullet, 41; grade B, 38; grade C, 30.

Egg receipts as reported by registered stations show a decrease of 10 per cent. from the preceding week. General quality of arrivals is gradually improving, with percentage of Grade A for the past week 58 per cent. as against 51 per cent last week. At the present time there is a surplus of grade A eggs over and above local requirements, and all surplus grade A large and grade A medium are moving through the Special Products Board for export. There is a surplus of grade A pullets on the market at the present time. However, with the export movement of grade A large and grade A medium this surplus is expected to move more readily through retail channels. One carlot of mixed grade A large and grade A medium rolled to seaboard for export during the week and at least one additional car is due to roll tomorrow. In addition three carlots of shell export out of storage were inspected for shipment overseas. Two lots of grade B moved to the drying plant, with additional nine carlots withdrawn from long term storage for the same channel. Dealers' quotations to country shippers remain unchanged except for a reduction of 6c per dozen for grade A pullets.

POULTRY PRICES

Receipts of live poultry for the week show a decrease of 7 per cent. from last week. This decrease is attributed to adverse weather conditions. The dressed poultry market is rather inactive, with the only movement reported being one carlot of frozen poultry exported to the United States. Quotations for both live and dressed poultry remain unchanged.

New York Stocks

NEW YORK, Oct. 1—(AP)—Stocks today continued to plow into new high ground for more than eight years with steels and assorted "blue chip" industrials adding one to around four points. From the opening on, dealings were among the fastest for recent months with low-quoted utilities such as United Corporation and Commonwealth and Southern coming out in blocks of as much as 32,000 shares.

Calder Resident Placed on Trial

Joseph Yedlinski, Calder resident, went on trial in supreme court Monday before Mr. Justice S. J. Shepherd on a charge of obtaining $535 from the Canadian Acceptance Corporation by false pretenses.

The accused, the crown alleged, obtained a loan of $535 from the finance company by representing that a truck, the security pledged for the loan, was his property and was free from all encumbrances.

Evidence adduced Monday morning by Guy Patterson, KC, crown prosecutor, dealt with the representations made by the accused leading up to the granting of the loan. The accused, a witness testified, stated that he had purchased the truck for $900 and that it was free from all liens and encumbrances. He presented a receipt purporting to the document covering the truck purchase transaction.

The hearing is proceeding.

The ROAD AHEAD

by Capt. HARPER PROWSE, M.L.A.

OUR fighting men are beginning to arrive back from the battlefields in units. This means there are going to be large numbers of men returning to practically every district in Alberta. It is important that these men should get the right impression on their arrival home—for the impressions they get during the first few weeks at home may affect their whole future.

Today I want to offer a few suggestions to civilians as to how they may make sure these men get the right outlook from the minute they arrive. Tomorrow I'll run a few pointers for the returned men themselves. These suggestions are based on conversations I have had with many people—both soldiers and civilians—up and down this province.

Rightly or wrongly the men who return now will feel that they are just a little important. Not only have they won the victory, but they have bended hundreds of the enemy into prison camps. As they marched through liberated towns they have been cheered by the inhabitants. They are used to being treated with extreme deference and respect even in districts where their appearance may not have been popular.

"OUT OF TOUCH"

Having been away from Canada for a long time they will be out of touch with local affairs, and, outside of family matters, won't be in touch with local gossip. If you want to win a soldier's heart and confidence, ask him questions. Listen to him, encourage him to talk about himself, about what he has seen, about where he has been.

Notice his shoulder patches and

Doctor Makes Immunization Week Appeal

Diphtheria and smallpox have been reduced by immunization to a point where they are seldom seen in this community, and whooping cough, scarlet fever and other cantagious diseases can be brought to the same low level if parents will co-operate in the immunization campaigns carried on by health authorities, Dr. G. M. Little, medical officer of health for the City of Edmonton, stated Monday as he appealed for support of National Immunization Week.

National Immunization Week is designed especially to remind parents of the health benefits to be obtained through immunization. It is not the only week in the year that immunization can be obtained. Immunization, Dr. Little said, was a continuous service given free by health departments throughout the Dominion.

TEXT OF APPEAL

The following is the text of Dr Little's appeal:

"Next week is National Immunization Week. Not that this is the only week of the year during which children can be immunized against diphtheria, whooping cough, smallpox and such diseases, for we carry this work on all year round; but one week each year is set aside to specially remind parents across Canada of the need for giving all children such protection.

"Last year approximately 12,000 children in the City of Edmonton were given protection against these various diseases. The parents of this group have given their children such safety as medical science has to offer. They have the comforting assurance that these children are guarded against some of the most dangerous diseases which beset the growing child.

The family physicians of our city, the school and health department medical services have together protected this very imposing number of children; but it is not enough.

DISEASE REDUCED

"We may point to the fact that diphtheria and smallpox have been reduced to the point where they are seldom seen in our community; in many families the children protected against whooping cough have been the only ones in the family to escape the disease; the child inoculated against scarlet fever usually resists the infection or else has such a mild attack that he can hardly be termed ill.

"But not until all children of our city have been guarded against these diseases can we be satisfied. This can readily be accomplished with the co-operation of parents."

CECIL BERRY

Grande Prairie Radio Station Manager Dies

Cecil Berry, manager of radio station CFGP, Grande Prairie, died Sunday of a heart attack in hospital at the northern town. He was 58 years old.

He was well-known in Edmonton where he lived for about 20 years prior to going to Grande Prairie about eight years ago.

Born in England, he came to this district after the last war and was employed at the Cockshutt Plow Co. Ltd., here for a number of years.

HELPED BUILD STATION

He was one of the founders of the radio station in Grande Prairie and has been manager there for the last eight years. Mr. Berry had a large number of friends throughout the Peace River country, and maintained his contacts in Edmonton through frequent business trips to the city.

He was active in Little Theatre circles before going north.

Arrangements for the funeral have not been completed but it is expected the body will be brought to Edmonton for burial and that a service will be held here toward the end of the week.

Wife is survived by Hattie, who is coming here from Victoria where she has been living; one son, Maj. Derrick Berry, who is expected home from overseas in the near future; and one daughter, Mrs. R. E. Shaw, of England.

Also surviving are two brothers and five sisters. They are Douglas of Edmonton, Arthur of Africa, and Mrs. Edith Vinall, Mrs. Gladys Vinall, Mrs. Nora Burt and Mrs. Margaret Hunt, and Dorothy, all of England.

Varsity Students Now Number 2,107

A. E. Ottewell, registrar at the University of Alberta, announced Monday that with the cessation of regular registration on Thursday, Sept. 27, a total of 2,107 students were registered of which 575 were members of the armed services, and only 710 were women students. Included in this total are the advance registrations in war emergency classes.

Although regular registration has ceased, registrations are still coming in. There were 48 enrollments on Friday and 40 on Saturday. More are expected at the beginning of the week. Late enrollments in many cases have been due to delay in service releases.

The above figures do not include university nurses now in training nor do they include students in the schools of graduate studies.

The number enrolled in each faculty is shown in last week.

There will be a January enrollment in certain faculties and only first year students will be admitted. The majority will be rehabilitation students. A limited number of civilians who were excluded in the fall session because of overcrowding will be admitted at that time.

Postpone Meeting

A meeting of the city council's transportation committee scheduled for Tuesday has been postponed until Thursday, it was announced at the Civic block Monday.

Well-Known Fliers

Two Senior Officers Leave North West Air Command

The retirement of two senior officers at North West Air Command headquarters, RCAF, Edmonton, was announced by Air Vice-Marshal T. A. Lawrence, CB, air officer commanding, today.

Well-known throughout all Western Canada and particularly in Calgary, Drumheller and Edmonton, Group Captain C. G. "Bull" Durham, MM, who came to Edmonton in July, 1941, as staff officer in charge of administration, was one of the two officers to leave the North West Air Command over the week-end. He has been succeeded by Group Captain D. G. Price of Guelph, Ont., Que., a member of the RCAF since 1934.

The other popular figure to leave North West Air Command was Wing Commander K. Blair of Regina. He spent a lengthy period of time at NWAC as senior organization staff officer and his duties have now been taken over by the Group commandant, Wing Commander W. T. F. Tourgis, Vancouver, BC, a member of the Royal Canadian Air Force since 1927.

TWO-WAR VETERAN

Group Capt. Durham is a veteran of two world wars. The former manager of the Drumheller Coal Operators enlisted in the 10th Alberta Dragoons in Edmonton in the last war. He won the Military Medal at Ypres in 1916 and in the same year transferred to the Royal Flying Corps, seeing action in France, the Middle East and Italy with that branch of the service.

In March of 1940, Group Captain Durham was commissioned in the RCAF as an administration officer. He went overseas in 1941 and served as staff officer in charge of administration on a station that had such famous Canadian squadrons as 401, 402, 411 and 412. Following his term with the fighter squadrons he moved to the Canadian bomber group and was on hand at Allerton Park in Yorkshire when the Canadian group was first formed.

Returning to Canada in October, 1940, he acted in the capacity of senior organization officer at No. 4 Training Command, Calgary and later went to Ottawa as deputy director of repatriation. He was posted to Edmonton in July of 1944. Twice during the Second World War, G/C Durham was Mentioned in Dispatches.

SERVED IN PEACETIME

His successor, G/C Price, entered the peacetime Royal Canadian Air Force in 1934 and prior to the outbreak of war was stationed in Ottawa and at Camp Borden and Dartmouth.

Following the outbreak of war he was stationed for a lengthy period of time in Eastern Air Command, RCAF, seeing service in Newfoundland, Labrador and Iceland. For a time he was flight commander of a general reconnaissance squadron and later moved to No. 1 Central Navigation School at Rivers, Man. From there he went to No. 2 Training Command, Winnipeg and then became commanding officer of No. 3 Wireless School, Winnipeg and prior to his posting to North West Air Command, was commanding officer at No. 12 Air Navigation School, Charlottetown, P.E.I.

Wing Commander Blair enlisted in the RCAF, in September, 1940, and served at No. 4 Service Flying Training School, Saskatoon. At No. 4 Training Command, spending sometime in both Regina and Calgary prior to going to air force headquarters, Ottawa, from where he went to No. 1 Training Command, Toronto, from which headquarters he was posted to North West Air Command, Edmonton.

VETERAN BUSH FLIER

The successor of Wing Commander Blair, is a veteran bush flier. Wing Commander Tourgis joined the RCAF, in 1927 and spent the greater part of his time prior to the outbreak of war at the Winnipeg air station, engaged in northern flying. Since the outbreak of war he has spent a great deal of time at different stations on Canada's west coast and for a period was officer commanding the ground instructional school at the bombing and gunnery school, Dafoe, Sask.

In June, 1945, Wing Commander Tourgis took the war staff course in Toronto and for a month prior to his posting to North West Air Command headquarters, Edmonton, was commanding officer of the RCAF station, Fort Saskon.

Window Broken

A plate glass window, measuring seven feet by eight feet in front of the Leckie shoe store on Jasper avenue was shattered when a bottle was hurled at it during a fight between four men Sunday night, police reported Monday.

Taxi-Travellers From Edmonton Held at Kenora

A man and his wife who hired a taxicab in Edmonton about Sept. 21 and headed through Calgary, on the way to Montreal, were being held Monday on instruction from the Edmonton city police department, at Kenora, Ont.

Local police revealed that Victor Francis Hogan, 28, and his 25-year-old wife, Louise Hogan, are wanted at Winnipeg, Regina and Calgary for passing worthless checks, and it was understood that each of these cities had followed up Edmonton's order to hold the couple behind the bars.

SEVEN-DAY TRIP

Steve Zolkiski, taxi driver who made the seven-day trip, was still at Kenora, police said. The taxi firm is said to have described the trip as "unthinkable".

The western party arrived in Kenora Sept. 28, police said.

Meanwhile, as a Canada-wide investigation into the slugger-killing of Calgary's Lum Yum Ing, Chinese green grocer, last Monday, was proceeding all persons suspected of being involved in the crime were under strict surveillance. There was no indication Monday that the Hegans were being held with respect to the brutal slaying of the aged Chinese merchant.

It was known, however, that Edmonton's "floating" and "doubtful" population, transients who have travelled between the two principal Alberta cities in the past few days, were being questioned closely, as the dragnet tightened across the gunman-slayer's shoulders.

The Inquiring Reporter

THE QUESTION

How did you use the extra hour gained by the change back to Standard time Sunday morning.

THE ANSWERS

MRS. A. O'NEIL, housewife: I'm not quite sure because in spite of all the detailed explanations I made a mistake. Instead of setting my clocks an hour back I put them forward and it was noon Sunday before I realized my mistake. I was all ready to have lunch and then discovered it was really only 10 a.m.

* * *

JACK CRAWFORD, student: I extended my Saturday night by an extra hour. I was at a party and I just stayed a little longer and still got home at a "reasonable hour."

* * *

HELEN TURNER, clerk: I slept it out Sunday morning when I woke up I just turned my clock back an hour and went back to sleep.

Cycle Outing

The Girls' Cycling Club of the Mountain Community YMCA went on a bike Saturday afternoon. They cycled about three or four miles west of the city. While there they held a meeting and discussed their program of coming events. The afternoon's activities were concluded with a campfire and a sing-song.

Veteran Officer Gets Command Brigade Group

An officer with more than 27 years commissioned service in the Canadian Army, Brig. G. R. Bradbrooke, MC, has been appointed to command of the 41st Reserve Brigade Group, headquarters of Military District 13 announced Monday.

Brig. Bradbrooke took over the command from Col. E. H. Rigby, VD, who retired on retirement.

Enlisting in the CEF as a boy of 16½ on the age of 18 years, Brig. Bradbrooke was appointed to a commission in 1917 while the Canadian Machine Gun Corps and was awarded the Military Cross for gallantry.

COMMISSIONED

After the war of 1914-18 he was appointed to a commission in the Royal Machine Gun Brigade and from it went to the Princess Patricia's Canadian Light Infantry and later to the Lord Strathcona's Horse (RC), commanding "B" Squadron at Calgary for some time. He was GSO at MD 1 from 1931 to 1935 and spent 12 at national defence headquarters until November, 1937. For the next year he held a similar appointment in MD 13 headquarters at Calgary.

In February, 1941, Brig. Bradbrooke was selected to command the Calgary Regiment (Tank) and vacated his appointment as General Staff Officer at Royal Military College to take the unit overseas with the rank of lieutenant colonel. In December, 1941, he was selected as one of three Canadian officers sent to the Middle East as observers with the British Army.

From 1942 to 1941 he was in command of the 2nd and 5th Armored Brigades in the United Kingdom and Italy and later spent five months at Naples as liaison officer at Allied forces headquarters.

He returned to Canada in March

Your Baby And Mine

By MYRTLE MEYER ELDRED

There are habits of which the parent of a school child may be guilty, which are open to serious question. Do you, for instance, the moment your child enters the door ask him how well he has done in school, today?

Are you conscious that such a question makes it literally impossible for the child to admit of any mistakes, or deliver to you less than the answer you obviously expect?

It is possible that the child may be one of those studious children who always do well. In that case an emphasis upon his progress and your pride in it, will tend to make him self-consciously superior. Not only you but all who come to the home must applaud his work. He is aware that there is a high premium put on "smartness" and he is out to get the prize.

There are other children who cannot, in truth, make outstanding marks in school. They try hard, but they are always at a lower level than some other pupils. But their parents expect as much of them. The child notes the disappointment and either manufactures stories to bring out a blush of pride from the parents or sinks into a well of discouragement at his own failures. He takes no pride in what he can do because he cannot do the best.

It should be obvious that every child cannot make an A grade. But every child can do as well as possible and can measure his success by his previous grades.

And success in school is measured in other ways of which the parent may be disdainful, but they are important, none-the-less. One of these is the child's relationship with the teacher and the pupils.

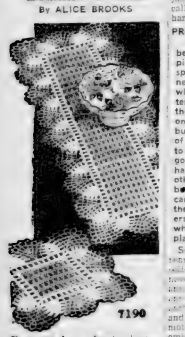

Special success, the ability to work well with other children and to cooperate with the teacher, these are indications of a personality which also needs guidance.

The parent who said, "If you can't get an A grade, you needn't come home," is an exaggerated symbol of misunderstanding. Each child should feel that while his parents have an interest in his work and his success, their liking for him does not depend upon the marks he brings from school. Their high estimate of him as a person is not built upon this treacherous foundation.

Our leaflet, "Physical Handicaps," whose purpose is a happy home and his best work, are discussed in this leaflet to be had by sending a stamped, self-addressed envelope with this request to Janet Mercer Eldred in care of this newspaper.

BASQUE BODICES GIVE WEE-WAISTED LOOK—Typical of the light-colored tops and black skirt combinations are the two dresses shown above. Pastel blue wool makes the front-laced bodice, left, which tops a full short skirt of black wool. Its long-skirted twin at the right, in black faille topped with a jet-buttoned pink wool bodice, this year's sequel to last year's corselette dress.

DOROTHY DIX SAYS—

Those Who Pamper Girls Make Later Life Harder

Doting Unjust to Daughter; Saddest Thing Is the Frantic Obsession of Mothers to Make Daughters' Lives Easier Than Their Own

One of the saddest things in the world is that the ailment frantic obsession of so many mothers to make their daughters' lives easier than their own have been, causes them to do the very things that make life harder for their petted darlings.

For these mothers do not stop to fit their Mamies and Susies for whatever fate has in store for them. On the contrary, they do everything possible to unfit them to fight their battle with circumstances, and this goes up the hordes of whining, complaining, neurotic women who just can't take it when they are called upon to meet the inevitable hardships of life.

PROCESS OF SPOILING

This desire for what mothers believe to be their daughters' happiness is the alibi they offer for spoiling their girls rotten. "I never had any pretty clothes when I was a girl, and I am determined that Sally shall have them," says Mother, as she puts on her old, patched shoes and buys Sally her forty-seventh pair of fancy slippers. "I always had to do the housework and I am not going to let Angelina ruin her hands with dish water," says another mother. "I am not going to border my daughters down with cares and responsibilities when they are young," say other mothers who slave over the cook stove, while their husky, young girls play golf for exercise.

So we have the girls who are reared to be utterly selfish and self-centered and lazy because they have never been taught to think of anyone but themselves, or to do the disagreeable work, or to consider anything but their own pleasure and convenience. And it these girls' mothers had been their worst enemies, instead of their most devoted slaves, they could not have committed a greater crime against them.

Inasmuch as the average mother is an unthought human being, it is strange that she no more tries to substitute her daughters for the lives she knows that they are all probability destined to lead. She knows, for instance, that one can count on the fingers of one hand the number of girls who will marry rich men, that most women have to work, and that most women bring up children on small incomes. Even so, she rears a girl to think that she will be supported in luxury by her husband, and that she will have nothing to do but to be a parasite on society.

Sally that turn her into a bitter, frustrated woman when she finds she cannot grapple them.

A THOUSAND

Mothers know that the odds are a thousand to one that their daughters will have to do their own housework after they marry, yet the number of mothers who teach their girls how to cook is negligible. They say, "Oh, Sally will learn how to cook when she has to do it. I did." And they neglect to add that by the time they had learned how to make bread that was fit for human consumption and to run a house on a budget, they had wrecked their husbands' digestions and soured their dispositions and had a million quarrels, and that most of his salary had gone into the garbage can. Yet mother knows that the most important accomplishment that any bride can possess is to be handy with the pots and pans, and the surest guarantee that her marriage is going to have the old story book ending, "and they lived happily ever afterwards."

And, more over all, mothers don't teach their daughters how to get along with their husbands. They let their girls go into marriage thinking that their husbands are going to baby them as Mother has always done, and when they find out that they are expected to act like reasonable human beings, they rush to the divorce courts.

Life is hard for women, but mothers make it harder for their daughters by not fitting them for it.

Shingles is a rather uncommon disorder, as only one out of about 100 cases of skin trouble is of this type. The most pleasant feature about shingles is that you are not likely to have more than one attack since the disorder very seldom returns. Shingles is an acute inflammation of the skin usually appearing only on one side of the body. There is a reddish eruption and groups of small blisters form on the skin just over the course of one of the nerves supplying the skin. The lesions look somewhat like fever blisters in the mouth and each one is about the size of a split pea or taffy bean. The nerves over which the blisters form are more frequently those on the abdomen and chest although the complaint is sometimes seen on the shoulders and face. The hands and feet practically never suffer.

At the onset there may be a fever for a few days before the eruption shows as blister may form anywhere from a few hours to several days after the start of the trouble. There is usually a continued development for about seven days. The blisters are filled with a clear fluid and they are round, standing up from the skin, and do not break open easily. They heal by drying and may last for a month or more before disappearing. If the blister is broken scars may be left. The skin inflammation may cause burning and itching, but the most annoying symptom is the pain which arises from the affected nerves, and it is of a shooting, lancinating character, tending to become worse at night. The pain generally appears before the eruption and remains after the blisters are gone. The pain in shingles is more severe than in most skin diseases.

The patient who develops shingles is one who has been enervated by mental strain, overwork, worry, lack of sleep, or any set of conditions which leave the body chronically tired. In practically every case there is a history of wasted nervous energy. The disease most often affects those between the ages of nine and fifteen but may also affect the aged.

The treatment of shingles should consist of the use of methods which will relieve the local pain and inflammation and also rid the system of toxic poisons. The eruption should be bathed frequently with some mild dressing. The blisters should not be broken. Great relief of the neuralgic pain will be experienced by the application of hot moist towels. Between applications of these treatments a dip portion in alcohol and then lay the cotton over the blisters, covering with oil silk to prevent rapid evaporation. The alcohol sometimes relieves the discomfort more quickly than other applications. Daily treatment with the ultra violet light is to be recommended.

The internal treatment should consist of fasting for two or three days, drinking plenty of water and the use of the enema twice daily. The above treatment will assist in the recovery of normal comfort very quickly.

All questions regarding health and diet will be answered. Large stamped, self addressed envelope must be enclosed. Write on one side of paper only. Letters must not exceed 150 words. Address McCoy Health Service, The McCoy Building, 1151 West 6th Street, Los Angeles, Calif.

Britain Holds Up Newsprint Import

LONDON, Oct. 1.—(CP) — The Observer said in an article yesterday that the cabinet has decided to suspend newsprint imports from Canada due to lack of dollars although it is still possible that the Canadian government may be able to advance counter-proposals to avert such a question.

The Sunday newspaper said: "If the situation remains as at present, however, the public will have to reckon with the continuance of wartime four-page daily newspapers for an indefinite period.

"During the war Canada and Newfoundland have been far and away our largest suppliers of paper and paper-making materials. Last year Canada sent us 72,275,000 (about $12,512,000) worth of paper in addition to 55,773,000 worth of newsprint. It should be noted that the suspension of purchases does not, contrary to some reports, apply to newsprint. We should continue to buy raw materials for paper-making instead of more of the finished product."

The article said if the government reversed its decision not to buy newsprint from Canada there was an obvious danger that the material might have been sold to the United States.

Christians Must Help Ex-Enemies Declares Bishop

MONTREAL, Oct. 1.—(CP)—Canadians offering thanks to Almighty God for victory and peace "must not now turn aside from the suffering of the people in Europe but must feed the hungry and clothe the naked in the spirit of true Christianity," Most Rev. John C. Cody, bishop of Victoria, told men of the English-speaking Roman Catholic parishes of Montreal's archdiocese. Bishop Cody spoke before a gathering of an estimated 15,000 in St. Andrew's park at a special thanksgiving service staged by the Holy Name Society of St. Anthony's parish. He said that while just punishment must be given to war criminals "true Christians could harbor hatred for no man and must relieve the sufferings even of their former enemies."

McKenney On Bridge

By WILLIAM E. McKENNEY
America's Card Authority

I was in Atlantic City recently completing arrangements for the fall session of the 1945 National Championships to be held at the Hotel Chelsea. While there, I dropped in at Mrs. Helene Kelly's duplicate game and was visiting Alvin Goodman of Philadelphia when today's hand came up. It demonstrates a point I have often mentioned—when your opponents get into a bad contract, be happy about it. Don't let a foolish double jeopardize your chance to defeat it.

Duplicate—North-South vul.

South	West	North	East
1 ♠	Pass	1 ♠	3 ♥
3 ♠	Pass	3 ♠	3 ♥
4 ♠	Pass	4 ♠	Pass
Pass	Double	Pass	Pass

Opening—♥ K.

Goodman ruffed the third heart, led the six of spades, and won in dummy with the queen. On the third heart, West let go his nine of diamonds. Goodman cashed the ace and king of clubs and led a small spade from dummy. West had to split his honors, and put on the ten. The ace of diamonds was cashed and, when West's queen fell, Goodman cashed his queen and jack of clubs, discarding two diamonds from dummy. A small diamond was played to dummy's king. West was forced to trump and then had to lead from the jack-seven of spades into the queen-eight. Without the double, Goodman might easily have made a mistake on the hand.

Many women buying fur coats believe that "Persian lamb" actually comes from Persia. The truth is that it never saw Persia. Most of the Persian lamb comes from Russia, Afghanistan and Southwest Africa. Persian lamb has two skins that are bound together by a cohesive membrane. Broadtail coats are made from the skins of newly born (or prematurely born) "Persian lambs." Galyaks are the skins of prematurely born Persian lambs in which the curl has not developed. American broadtails are sheared, dyed and pressed fur (or wool) of domestic lambs.

Nazi Civilians To Give Blankets

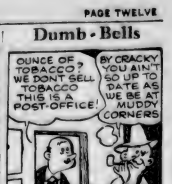

ISERLOHN, Germany, Oct. 1.—(AP)—German civilians in the British occupation zone yesterday were ordered to provide clothes and blankets for their war-impoverished soldiers and for displaced persons. The levy in the Ruhr and Rhine districts is for 1,000,000 blankets alone, besides sheets, clothes and boots.

More German Plants Are Sent to Allies

WIESBADEN, Germany, Oct. 1.—(AP)—Gen. Eisenhower's headquarters Saturday ordered 11 more German industrial plants to be packed up for shipment out of the United States occupation zone as soon as the Allies determine to which of the United Nations they would be sent as reparations. Five plants were designated for removal in a first order.

Italy to Regain Self-Government

WASHINGTON, Oct. 1.—(AP)—All Italy, with the exception of small areas along the Yugoslav border, will be turned back to Italian control late this fall by the Allied commission. The commission, announcing this yesterday in connection with the release of a report on military government in Italy, said that even now all but a half-dozen compartments in the north are back in Italian hands.

Now that you will be wearing stockings again, be sure that your legs are smooth. That's protection for your precious stockings. Always look at the back of your legs when you put on your stockings. That "drapey droop" at the back of the ankle looks pretty bad! And if you have slender ankles be sure that you have a snug fit!

Canadian Wheat Goes to Germany

BERLIN, Oct. 1.—(CP)—Berliners now are getting white bread made from Canadian wheat.

Military government officials here said that about 5,000 bushels of Canadian wheat were coming into the city monthly either as flour or grain to be milled here. The wheat comes from grain stores built up by the Allies during the last few years for emergency requirements.

It was explained that the military government had hoped to provide Berlin with rye bread—which the Germans usually eat—obtained from home production, but the rye crop failed in many sections of the British and American occupation zones and only small quantities are available from the Russian zone. So Canadian wheat was imported.

It is understood that additional Canadian wheat will be distributed to points in the British and American zones but no figures are available.

No Meat Delegation Will Go to Ottawa

MONTREAL, Oct. 1.—(CP)—Organizers of the meat strike in Montreal last week have decided against a previously announced plan of sending a delegation to meet federal government authorities in Ottawa, it was announced last night by J. Omer Heroux, general manager of Province of Quebec Food Distributors, Inc. Mr. Heroux, who with Ernest Chartrand, North End butcher, announced the official end of the city's four-day meat strike early Friday morning, said the decision to drop the plan was reached at a meeting last night of representatives of the meat dealers, including Mr. Chartrand, who was chairman of the strike committee. Instead, the dealers will remain in Montreal and will confer with officials of the Prices Board.

Answer to Previous Puzzle

Wed 25 Years Couple Honored

On the occasion of their 25th wedding anniversary, the Rev. R. C. McLeod and Mrs. McLeod of Manville held an "at-home" to a number of their friends Sept. 25.

Receiving her guests, Mrs. McLeod was frocked in black crepe with an embroidered net yoke over pink sheer. A corsage of pink roses completed her ensemble.

LACE CLOTH

The table was set with a white lace cloth and centred with a silver basket of pink roses. Pale pink tapers in silver holders flanked the centrepiece. The anniversary cake was set on a side table. Mrs. M. Colborne, Mrs. R. Scott, Mrs. Mc-Kinnon, and Mrs. N. Crooks presided at the tea and coffee urns and assisting in serving were Mrs. A. White, Mrs. R. Wilson, the Misses Norma Boe, Marjorie McCrea and Ruth Gray. Mrs. W. Hamilton was in charge of the dining room.

IN THE EVENING

In the evening, Mrs. L. Elkin, Mrs. M. Caldwell of Innisfree, Mrs. E. C. McPhee and Mrs. D. J. Dickson poured tea and coffee. Serving were the Misses Marjorie McCrea, Ruth Gray, Audrey and Mary McLeod. Mrs. Bliss Dickson ushered the guests to the dining room.

Many gifts were presented to the honored couple and telegrams and cards of congratulation were received from friends in distant parts.

Donald Gordon In Calgary

Most visiting personalities seem to be tagged with a "Men Only" label, but when Donald Gordon, Prices Board chairman visits Calgary Tuesday, a thick slice of his time will be devoted to a group of Alberta women including Mrs. Frank Conroy, Edmonton; Mrs. R. L. Nicholson, Calgary; Mrs. J. C. Nelson, Lethbridge; Mrs. Mrs. R. Richards, Medicine Hat.

The committee represents 1,000 Alberta women directly connected with the Consumer Branch committee of the Wartime Prices and Trade Board.

Quick appraisal of the shopping situation when he was called to the Board to stem the sharp rise in prices which was threatening the country's economic stability, led Donald Gordon to appoint a women's advisory committee. He realized that price control could not work without the support of women who do 80 per cent of the shopping. On becoming director of the Wartime Consumer Branch, Miss Byrne Hope Sanders contacted key women right across Canada to invite them to form a volunteer committee.

WOMEN'S OPINIONS

In Alberta, Mrs. Frank Conroy, Edmonton, was elected regional chairman and sub-committee chairmen were elected in each city throughout the province. During war years, since price control has functioned to preserve economic stability, WRAC committees represented on all the large women's organizations in every province have channeled to Ottawa women's opinions and reactions to various wartime policies as well as interpreting to women the government's official attitude to certain problems. Home front history contains many examples of modification of policy following women's requests.

When Donald Gordon consults with the women's groups Tuesday afternoon, he will be hearing a consensus of Alberta women's opinions on current Prices Board policy.

Ford-Orchard Wedding At Holy Trinity Church

Autumn flowers decorated Holy Trinity church for the wedding on Saturday at 7 p.m. when Miss Isabel Orchard, daughter of Mr. and Mrs. S. G. Orchard, Edmonton, became the bride of Cpl. Eric Hubert Ford, RCAF, son of Mr. and Mrs. H. P. Ford, also of Edmonton. The Rev. Canon W. M. Nainby performed the ceremony.

Given in marriage by her brother, Maurice Orchard, the bride wore a gown of white satin having a bodice fashioned with a sweetheart neckline and lily point sleeves. Her long veil was held in place with flowers and she carried a bouquet of American Beauty roses and small white chrysanthemums. She wore a gold watch, gift of the bridegroom.

BRIDAY ATTENDANTS

Matron-of-honor was Mrs. C. Leyland, who wore a teal blue crepe frock made with a sweetheart neckline and three-quarter-length sleeves. Bridesmaid, Miss Ruth Orchard wore yellow sheer fashioned on the same lines as Mrs. Leyland's gown. Both carried bouquets of autumn tinted chrysanthemums.

Hugh Cameron was best man and ushers were C. Leyland and David Kinloch.

Herbert Wild, church, organist, played the wedding music and the choir of Holy Trinity church sang.

Mrs. Orchard chose for her daughter's wedding a mauve two-piece dress trimmed with black. A small black felt hat and a corsage of Talisman roses. Mrs. Ford, mother of the bridegroom wore a fuchsia crepe frock, black felt hat and a corsage of Talisman roses.

After the ceremony a reception was held at the Masonic Temple where the bride's table was decorated with a wedding cake imbedded in tulle and sweetheart roses. T. W. Geldart proposed the toast to the bride.

The bride left later wearing a blue wool two-piece dress, blue topcoat and accessories. Cpl. and Mrs. Ford will make their home in Edmonton.

Mrs. R. Procter Veteran Alberta Red Cross Worker

RED CROSS WORKER—Showing a new and sixth red and white stripe on her blue uniform is Mrs. Richard Procter, provincial superintendent, women's war work committee, Alberta division of the Canadian Red Cross, who on Sept. 23 completed her sixth year of voluntary war work with the Red Cross Society. Mrs. Procter is also first vice-president of the Edmonton branch.

Many letters are received from Mrs. Procter, Britain expressing the thanks and gratitude to the Red Cross.

Mrs. Procter said that the country branches are doing wonderful work and the standard of the goods shipped, both in knitting and sewing has been excellent.

Commencing today and until Oct. 20 Mrs. Procter will act as depot chairman for the National Clothing Relief Drive in addition to her Red Cross work.

Mrs. Procter, wife of Dr. Richard Procter, has two sons in this war. Flying officer Meg Hobart L. Procter, The Loyal Edmonton Regiment, who was killed in action in Italy in June, 1940, and Sqdn. Ldr. H. C. Procter, RCAF, who was killed in 1940 when his plane crashed on a flight on the Pacific coast.

Yank Marines Enter Tientsin For Occupation

TIENTSIN, China, Oct. 1.—(AP)—The United States 1st Marine Division entered Tientsin yesterday to assume police duties in northern China's political hot spot, where Chinese Nationalists and Communists are at bayonet points and a Japanese army is yet to surrender and be disarmed.

Cheering flag-waving Chinese lined the banks of the Hai river as the marines moved 28 miles upstream from Taku.

The marines, charged with assisting President Chiang Kai-shek's Nationalist troops in disarming 250,000 Japanese troops in north China, were put ashore at Taku by Vice-Admiral D. E. Barbey's 7th Amphibious Force.

MARINES' DUTIES

Pending the arrival of Nationalist forces strong enough to take full control of the area, the marines, aside from helping remove the stingers from a Nipponese army which is arrogantly aware it has never been defeated in battle, will undertake the following chores:

Liberate and give comfort to 2,900 Allied prisoners of war and civilian internees; keep an eye on 232,000 Chinese puppet troops between the Yangtze river and the Great Wall; arrest war criminals; guard and care for 200,000 Japanese civilians who had moved into the area since the Nipponese aggression of 1537, and protect United States nationals, property and records.

The end of the war has brought little peace or security to north China. During the last six weeks there have been pitched battles between Japanese regulars supported by Chinese puppet troops and well-armed "Palu" units purporting to be soldiers of the Chinese communist 8th Route Army.

RACE COURSE BATTLE

In one clash near the Tientsin race course two weeks after hostilities presumably ceased, Japanese tanks and artillery fired for 40 minutes before the Palu withdrew.

Trains have been fired upon and derailed and looted. Bridges have been blown up and railroad tracks dynamited.

The Road Ahead

Continued from Page Nine

remark on them—those with the red patches are first division, those with the royal blue are second, those with French grey are third, those with green are fourth, those with maroon are fifth, those with black berets are tankmen.

Ask him about his unit—and then listen. Ask him what the various ribbons on his chest stand for—and then listen. Ask him where he was sent, then listen. Ask him about the people in the countries he was in—and listen. From then on other questions will suggest themselves to you.

FORGET MEAT RATION

Don't try to impress him with the difficulties of meat rationing—he'll probably laugh at you. Don't leave him out of the conversation while you talk about last night's ball game—he wasn't there. Keep asking him questions until he is tired of answering them. Let him talk himself out. No matter how great the effort on your part, make him feel that meeting him is the most important thing that has happened to you in years. Do this and he'll be your friend for life.

By the time he has arrived home he will have decided that Canada is a pretty good place to come back to. He has been well treated ever since he got off the boat. If you just make him feel a little more at home he'll decide that being home is well. He'll feel that you do realize just how much he has been through—and how long he has been away.

Then he'll ask you questions about things at home. That will be your innings. Two can be unique. You have hell or married or. Offer him any little services you can. Let him think the only you want is one more cup of coffee. One is to see that he is glad to be home.

VERY IMPORTANT

This may seem unimportant. It is important. Many a disillusioned soldier has remarked to me: "Those guys don't even know there has been a war on. And some of them they don't care a hoot." That is to some extent true. Nobody cares about those who have distinguished themselves or where the war has been.

Then, to make him realize that it hasn't been a one-sided effort ask him about the cigarettes, and sweaters, and razor blades, and the letters you sent. Ask him about the weapons he fought with—the ammunition he got. Ask him about the bonds and other things of common interest.

A few minutes of this and dividends in happy men. You'll find that the man who is greeted in this manner suggested will soon come down to earth and will reconcile himself to new conditions much

Supporter of Vichy Sentenced to Death

TOULOUSE, France, Oct. 1.—(Reuters)—Dr. Jean Barthel, 51-year-old secretary-general of Joseph Darnand's Vichy militiamen in the Haute Garonne, was sentenced to death at a purge trial here which ended in the early hours of yesterday. Eleven other members of the militia group also received death sentences. Two of the men sentenced to death are still at large.

Expect Trouble May Break Out In Near East

By JON KIMCHE

LONDON, Oct. 1.—(Reuters)—Britain's labor government is making last-minute efforts to avoid a tragic showdown in Palestine which, it is feared, may also spill over to other Middle East countries.

With tension mounting throughout the entire Middle East, the executive committee of the Labor Party met this week in London and it was believed here yesterday that a full discussion of the government's reported plan for Palestine took place.

The executive committee, it was reported, is to receive a delegation from the World Zionist executive committee and the matter is again to be discussed with the government before parliament meets Oct. 9.

SECOND MEET

A meeting may also take place this week between Foreign Secretary Bevin and Dr. Chaim Weizman, president of the World Zionist organization. It would mark the first official contact between the Jewish agency and the foreign secretary.

In the meantime British police officials in Palestine have met and put finishing touches on their preparations to deal with any possible disturbances. Preparations have been completed for even a daylight curfew should occasion arise. It is apparently felt in many official quarters in Palestine that the full gravity of the situation is not fully realized in London.

Reliable estimates of the strength of the Jewish Defence Organization [illegible] the illegal Zionist terrorist groups put its total armed force at 80,000 men armed with rifles, tommy guns, machine-guns, some artillery and armored cars.

NO BIG UPRISING

No general uprising against the British forces by the Arabs is anticipated. It is thought rather, that attempts will be made to land [illegible] Europe and that the mass of immigration will not get on the British [illegible].

Prospects therefore are still extremely [illegible] settlement is made possible the Palestine powder keg might explode at any moment.

Wartime Salvage Collection Ended

OTTAWA, Oct. 1.—(CP)—C. H. Peddle, deputy minister of National War Services, announced last night the disbanding of the salvage division of the department which in 1941 began a campaign through [illegible] to collect [illegible] tons of waste materials valued at $100,000,000.

The deputy minister said with disbanding of the salvage division all salvage committees will revert to the basis of operation prior to the war and may determine for themselves whether to continue. It will be left to each committee to make its own arrangements regarding sale of salvage through commercial outlets.

Mr. Payne called attention to the [illegible] paper [illegible] 20,000 tons of waste paper [illegible] continue collection this year, [illegible] overseas shipment of textiles and rubber should [illegible] opportunity.

Two War Criminals Get Death Sentence

BERLIN, Oct. 1.—(Reuters)—Two men yesterday were sentenced to death and three others drew prison terms in the first war criminals trial reported from Soviet-occupied Germany. The trial of the German SS men was before a "people's court" at Dresden. They were found guilty of killing and ill-treating internees at Radeberger Hof concentration camp, northeast of Dresden. There was no indication of how the people's court was constituted, but presumably it was comprised of Germans.

Sees Half-Million Jobless in Canada

TORONTO, Oct. 1.—(CP)—Clarence Gillis, CCF member of parliament for Cape Breton North, last night told a meeting here that two confidential surveys by the Federal labor department showed that by the end of 1945 "there will be half a million people unemployed in this country, for which there is [illegible]."

He addressed a meeting called by the Toronto co-ordinating council of the CCF, along with Angus McInnis, CCF member for Vancouver East, and trade union leaders.

He said the scheme of employers was to smash unions and reduce wages. The federal government was cooperating in every way possible with that aim, he said, but it had never had any intention of establishing effective legislation for the workers that could be carried forward to the post-war period.

Meeting on Strike Is Said Postponed

OTTAWA, Oct. 1.—(CP)—A Toronto meeting today between Federal Labor Minister Mitchell, Provincial Labor Minister Daley and representatives of the Ford Motor Company of Canada and its employees in an effort to settle a strike in progress at its Windsor, Ont., plant apparently [illegible] have been inordinately postponed as Mr. Mitchell failed to leave Ottawa [illegible].

The federal labor minister was expected out of town for the week-end but a spokesman close to his office said it could be definitely stated he [illegible] and the meeting Toronto. He said that at last word the Toronto meeting was [illegible], but would not elaborate.

Picketing at the Windsor plant apparently was delaying the meeting.

Friday Mr. Mitchell told the House of Commons he had received a communication from W. R. Campbell, president of the Ford company, accepting an invitation to meet with him, Provincial Labor Minister Daley and UAW-CIO union representatives in Toronto Monday to discuss the strike, if picketing at the Windsor plant was halted.

The Ford president went to Windsor for a meeting where the union was [illegible] the Windsor plant where [illegible] negotiations at the [illegible] attempt to [illegible] the [illegible] future differences arise."

Snag Threatens Wreck Big Five Council Meeting

By EDWARD V. ROBERTS
Express Staff Writer, The Edmonton Bulletin

LONDON, Oct. 1.—(BUP)—Secretary of State James F. Byrnes has informed Foreign Commissar V. M. Molotov that the United States is prepared to throw the problem of Balkan peace treaties back to the heads of state of the leading United Nations.

A high American source said the United States had rejected forcefully Russia's insistance that discussion of Balkan treaties be limited to the Soviet Union, America and Britain.

The new snag threatened the complete wreck of the first meeting of the five-power council of foreign ministers. An informant said there was a "good chance" the council would abandon plans to issue a final communique outlining its achievements in the last three weeks.

BYRNES' POSITION

Byrnes was understood to have taken the position that the problem of procedure which has been the main stumbling block in the council would likewise impede the deputies in carrying out work assigned to them if it were not settled before the ministers leave London.

"The ministers' council was an effort to simplify the job of making a peace," a responsible source said. "If we cannot get any further than this, the American view is that the whole thing might as well be settled in a full dress peace conference like that after the last war."

It was on this premise that Byrnes was reported to have told Molotov that the U.S. was ready to turn the problems of the council back to the heads of state.

Newspaper Parley Concludes in East

QUEBEC, Oct. 1.—(CP)—More than 100 delegates of the Canadian Daily Newspapers' Association left Quebec Saturday at the end of their convention here. The last two items on the meeting agenda, golf competitions and a joint luncheon at the Royal Quebec Golf Club, were cancelled because of inclement weather and the delegates instead attended the showing of a picture by the National Film Board on the handling of newsprint.

Fewer Workers Out on Strike In United States

NEW YORK, Oct. 1.—(AP)—The total of United States workers on strike fell to approximately 352,000 today, the first major reduction in more than a week, but there were rumblings of prospective additions in the near future.

This was the picture:

Ended—The strike of 38,000 white collar workers of the Westinghouse Electric Company, who struck Sept. 9 in a demand for bonus or incentive pay plans and which spread to 14 plants in six states; the stoppage of 15,000 building service employees in New York City whose return to work permitted 1,500,000 other persons to resume their occupations; and that of 5,000 employees of the Colorado Fuel and Iron Minnesequa steel plant.

STRIKES THREATENED

Threatened—A strike of some 2,200 oil workers at the Union Oil Company plants at Oleum and Wilmington, Calif.; eight locals of the CIO Oil Workers' Union in the Allegheny Valley of Pennsylvania; 1,300 United Farm Equipment Workers' members in the Peoria, Ill., plant of the Caterpillar Tractor Company, which employs 18,000; some 14,000 in five Dayton, O., plants of General Motors' frigidaire division; and 200,000 telephone workers.

CONTINUING STRKES

Continuing—The strike of 35,000 oil workers in refineries throughout the United States; that of 65,000 wood and lumber workers in a half-dozen states; 100,000 automotive workers, principally in the Detroit area; 40,000 miners, mostly in Pennsylvania and West Virginia; and 50,000 textile workers, largely in the Newark, N.J., area.

*** PORK — 100,000,000 lbs. still to be shipped.**

The United Kingdom and liberated Europe rely on Canada for 450,000,000 lbs. this year.

We supplied only 350,000,000 lbs. to August 31.

*** CANNED MEAT — 70,000,000 lbs. still to be shipped.**

The United Kingdom and liberated Europe rely on Canada for 114,000,000 lbs. this year.

We supplied only 44,000,000 lbs. to August 31.

In most liberated European countries, there is a desperate shortage of meat.

As a great food-producing nation, Canada must, can — and will — help to meet the emergency.

The job will not be finished at the year's end. Food scarcities in Europe will continue until the next harvest.

★ ★ ★

This year, Europe is relying on Canada for a *minimum* of 789 million pounds of beef, pork and canned meat.

Up to the end of August, only 479 million pounds had been sent.

How soon can we bridge the gap?

Livestock marketings are normally at their heaviest in the last four months of the year.

If we are to help feed the hungry peoples of devastated Europe, this is the time to make our greatest effort.

★ ★ ★

To do our part, we must reduce our own consumption of meat and also assure that everyone in Canada gets a fair share.

That is why rationing is necessary.

MEAT RATIONING ADDS TO EVERYONE'S WORK.

The producer who slaughters, the retailer who sells, the consumer who buys and eats — they all play a vital part.

AS A CONSUMER, HERE IS HOW YOU CAN CO-OPERATE

1. Try to plan your meat purchases before leaving home by determining what cuts you intend to buy and their approximate weights.
2. Make sure you have enough valid coupons and tokens to cover your proposed purchases by referring to the Consumer Coupon Value Chart and the Coupon and Token Calculator. Copies may be obtained from your Local Ration Board or Ration Branch.
3. Know the dates your "M" coupons become valid.
4. Do not buy more meat than you really need.
5. Avoid shopping at rush hours.
6. Be patient. Remember — your butcher may have inexperienced help.

Varsity Students At Church Service

A student church service, under the auspices of the Student Christian Movement of the University of Alberta, was held in Convocation Hall Sunday.

The Rev. Don Read, campus secretary of the Student Christian Movement, was speaker, while Ernie Nax, president of the SCM, conducted the service. Audrey Fryer, accompanied by Professor L. H. Nichols, university organist, was soloist.

HOMER

GOOD RACER, GOOD DRIVER IN THERE AGAIN— No. 12, the Sunland Biscuit entry, is familiar to fans of the Tin Lizzie Derby—and driver Con Heighington is a favorite with Tin-Can-Race-Goers. The Sunland entry is primed for the Model T Race Meet, to be staged on Thanksgiving Day, Oct. 8, at Edmonton's Fair Grounds. Proceeds from the race meet will go to the Lions' Club charities, and Junior Chamber of Commerce civic activities.

Plan to Hold Junior Farm Competitions

Winners of the Alberta Junior Crop and Livestock Clubs' annual competition, to decide competitors in beef, dairy, swine and crops national contests will be held soon, it was announced Monday by O. S. Longman, deputy minister of agriculture.

National competitions are scheduled for Toronto and Guelph from Nov. 18 to 23 inclusive.

REGIONAL EVENTS

The regional competitions will be held at the University of Alberta Oct. 29, the dominion experimental farm, Lacombe, Oct. 30, and the Provincial School of agriculture, Olds, Oct. 31.

The final contests among regional winners will be held in Edmonton on Nov. 1, where provincial champions will be crowned.

There are at present 74 livestock clubs in the province, with a total membership of 1,476 boys and girls, and 71 crop clubs with a membership totalling 1,199.

In the past at least 10 of the junior grain club champions won world championship awards at the International hay and grain show in Chicago.

The province has always had a goodly share of Dominion prizes at Toronto.

Community Theatre Gets Coward Play

"Blithe Spirit," Noel Coward's greatest comedy, will play before Edmonton audiences on Dec. 5, 6 and 7 in the Masonic Temple. This announcement was made Monday by Mrs. R. B. Clifton, production governor of the Edmonton Community Theatre.

"Blithe Spirit" played on Broadway for three years and on the London stage, and is still enjoying a continuous run which began in 1940. Recently released for amateur production, this modern comedy was promptly secured by the Community Theatre for presentation in Edmonton.

Laurier Picard who gave Edmonton audiences "French Without Tears", "Night Must Fall" and "Arsenic and Old Lace" will direct the production of "Blithe Spirit."

"Blithe Spirit" will be cast Thursday night, Oct. 4 at 8 o'clock, in the West Hall, YMCA. Mr. Picard will welcome all Edmonton amateurs who wish to try-out for a part but it is pointed out that in a major production such as "Blithe Spirit" only experienced actors are likely to make the grade.

An announcement regarding tryouts for one-act plays will shortly be made when other actors and new-comers will get their innings. Further information will be secured by telephoning 84956.

North Farmers Ask For Dugout Wells

Provincial officials announced Monday that 400 Peace River district farmers have made application to the department of agriculture under the plan to subsidize the construction of dugout wells for moisture conservation.

Under the plan the province pays five cents per cubic yard of earth removed with a maximum assistance to any one farmer of $100.

The Legislature appropriated $60,000 for this work.

Says Christian Backing Needed By Peace Group

The League of Nations could have prevented the war had it had the backing of Christian forces, and no world organization would be useful unless supported by public opinion of Christian nations, Rt. Rev. Dr. J. M. Macgillivray, moderator of the general assembly of the Presbyterian Church in Canada, stated in a sermon at First Presbyterian church Sunday night.

Speaking on hopes for a permanent world peace, he said the Christian organizations have not had a prominent enough place at the peace meetings and conferences.

Dr. Macgillivray said that not enough service men are taking advantage of the educational facilities offered them under the government's rehabilitation plan. He said that the value of education in acquiring jobs, and the necessity of it for advancement, could not be over-emphasized.

SABBATH OBSERVANCE

He declared he believed that a proper Christian observance of the Sabbath day will soon return, and he blamed the companies that try to commercialize on Sundays for endangering its proper observance

He expressed his thanks to the Presbyterian clergymen, who served as chaplains during the war, and said that with so many men offering their services to law, engineering and medicine, he could not understand why they should have to recruit men for the clergy, to do a service for humanity which is unequalled.

He also reported that financially the Presbyterian church is becoming stronger, and after all the hard times suffered during the depression, they do not owe a cent to anyone.

Building Permits Value Increases

Building permits for the nine months period ended Sept. 21, 1945 totalled $5,397,370 compared with $5,085,638 for the same period of last year, an increase of $311,712, according to figures released Monday by Maxwell C. Dewar, city architect.

The increase does not reflect a true total of the building activities in the city as the total of permits for work being carried out here for Wartime Housing Ltd., and the department of veterans' affairs are not included in the permit total.

Wartime Housing Co., a crown company, is erecting 600 homes here, and each home is stated to cost approximately $4,000. This would increase the construction total by approximately $1,600,000. The veteran's department is engaged on two projects, one the erection of homes just outside the city limits, the other the building of homes on the Grierson estate. It is understood that 90 homes will be built on the Grierson estate.

Progressive Assn. To Plan Campaign

The municipal election front swung into activity Monday with the announcement that the Civic Progressive Association's executive would hold a meeting Monday night at which plans to enter the forthcoming election campaign would be discussed.

Recently an appeal was sounded by executive officers of this association seeking the formation of a united front of progressive organizations in the city to contest the mayoralty, and all vacancies on the aldermanic and public school boards.

Also seeking a united front of progressive organizations is the Labor-Progressive party. An appeal was circulated last week through the mails to progressive groups, seeking co-operation in the selection of a slate of candidates, to contest the different vacancies in the municipal election.

Monday nomination papers were issued to the Citizens' committee covering the mayoralty and the aldermanic and public school board vacancies. It is understood that the usual acclamation will be accorded retiring separate school trustees, who may desire to continue in office.

Press Censorship Ends in Palestine

JERUSALEM, Oct. 1.—(AP)—All postal and telegraphic censorship on incoming and outgoing press dispatches ended last night. Local newspapers of all languages will be pre-censored 24 before, however.

India's Future Seen to Hinge On Winter Vote

The future of India lies in the outcome of the elections to be held this winter, and it will be up to India to state whether she will go her own way or remain a member of the British Commonwealth of Nations. This was the statement of Sir Frederick Puckle, adviser on Indian affairs to the British embassy at Washington, when he arrived in Edmonton over the week-end.

At a private meeting Saturday night he addressed members of the Edmonton branch of the Canadian Institute of International Affairs. Monday he was guest speaker at a luncheon in the Macdonald hotel, sponsored by the Edmonton Chamber of Commerce and the Kiwanis club.

GANDHI UNIMPORTANT

Sir Frederick said that Mahatma Gandhi has not much political influence over the people of India but his prestige as a holy man still held a power over the masses.

The coming election is the first to be held in India for nine years. After the election members of the legislature and representatives of the Indian states that have native rulers will be invited to a constitutional assembly for all British India and they will be asked to draw up a new constitution for the self-government of India.

Sir Frederick said that the forces raised during the war totalled 2,500,000 men, all volunteers. The population of the country is nine hundred million and is increasing at the rate of fourteen people per year.

671 Rehabilitation Students Registered

Membership of the Canadian University Returned Men's Association at the University of Alberta rose to 671 following registration of rehabilitation students last week. Of this number 20 are women. It is estimated there will be well over 700 ex-servicemen students before enrollments for the fall term cease.

With the information at present available, it has been found that 208 members of the association are married. Of this number 90 have children, and consequently the vital problem of the "Curma" executive is to aid these members in particular in obtaining living accommodation.

Although the following figures are as yet tentative, the rehabilitation students show a preference for the faculty of applied science in which 207 are registered. Ninety-one are enrolled in education, 10 in arts and science, 66 in commerce, 60 in agriculture, 42 in Medicine, 39 in Dentistry, 33 in Law, 21 in Pharmacy, and one in Theology.

Eight of the ex-service women are registered in household economics and two in nursing.

Several "Curma" members are registered in special courses, seven in honors chemistry, three in honors physics, one in honors mathematics, one in honors history, and one in post-graduate studies.

Two hundred and eighty kinds of orchestra drums are used in India. Hindu bands often use 25 of them in a single unit.

Community Chest Fund Tops $70,000

The Community Chest total is now more than $70,000, but due to numerous calls for returns on Saturday, a complete list of the contributions has not yet been compiled. This was announced Monday by Frank H. King, chairman of the Communities Chest campaign.

George Gleave in charge of Dominion government employees donations, reports that they have subscribed more than the objective set for them.

A complete statement of contributions to the Chest will be made Wednesday.

INTERESTING FACTS ABOUT OIL

How the Ancient Seas
BROUGHT OIL TO CANADA

IMAGINE the province of Alberta — and large areas of Saskatchewan, Manitoba, Ontario, Quebec and the Maritimes — covered by great shallow seas! That is just what happened 300,000,000 years ago, when over half of Canada's land area was submerged beneath ancient "epi-continental" seas. The geologist's map above shows you how our continent looked at that pre-historic time.

Through long ages, vast quantities of silt and the remains of marine plant and animal life settled on the old sea floors. As time rolled on and on, a miracle happened. The silt turned to rocky layers of shale, limestone and sandstone . . . the fatty parts of the dead sea plants and animals turned into the substance we now call crude oil! Then still another miracle took place. The earth beneath the seas began to heave and rise. Pushing back the waters, it threw up the old seabeds, with their layers of rock and oil, to form hills and plains and mountains — and moulded our continent to the shape it has today.

If you look at the map, you will see how this ancient invasion of the seas left us underground stores of oil. The famous Turner Valley, the Mackenzie River basin, the oil sands of Alberta — all once formed the beds of ancient seas. So, too, did the still-producing oil lands around Petrolia in Ontario. Today, wherever oil is found in Canada, Imperial Oil drillers lead the way in bringing it above ground where it can serve the nation's needs. And year after year, Imperial Oil scientists devote their full-time efforts to exploring the sites of the ancient seas for new oil to meet new needs — and add new treasure to Canada's national wealth.

MUSHROOMS HELP YOU FORGET ABOUT MEAT RATIONING—Meat rationing got you down? What about mushrooms? Many of the varieties found are edible, like the tall parasol mushroom (Lepiota procera) to be found in the woods these days. Some mushrooms, like puffballs, grow to unusual sizes. They should not be used if they show signs of age. Beginners should be aware of the many poisonous mushroom types.

Card of Thanks

AS A service to its readers The Edmonton Bulletin has prepared a booklet of correct wordings for "Cards of Thanks" Call, write or telephone 26121.

KASSIAN—We wish to thank our many friends and neighbors for their kind expressions of sympathy and beautiful floral offerings received during our recent bereavement. Special thanks to the doctors and nurses for their kind attention to mother during her illness.—Rose and George, of Lac La Biche.

In Memoriam

In Memoriam

For a free booklet of 100 "In Memoriam" verses either call at the Front Counter of The Bulletin, 9845 Jasper Avenue, Edmonton, or write or call Miss Leppard at 26121.

DARWISH—In Loving Memory of (our dear Uncle Jim) Mr. James Darwish, who passed away, September 24, 1944.

Always so good, unselfish and kind,
Few on this earth his equal we find.
Honorable and upright in all his ways;
Loyal and true to the end of his days.

JUST LISTED
Spotless Family Home
$3,900.
LOTS OF LAND
3 BEDROOMS AND BATH
SEPARATE, PUBLIC SCHOOLS

Three LARGE 50-foot lots. Roses, Iris, Lilac hedge. Many other annuals and perennials. Lawns, trees, berries, all kinds of currants. Garden vegetables galore. This is a family home always owner occupied. Just think, three large lots. Each lot is fifty feet by 150 feet. These are also valuable building lots with water, lights, sewer, gas available. In our opinion these lots are worth several hundreds of dollars without the nice large family house that goes with them.

LARGE BATHROOM

Complete, large bathroom and four clean, comfortable bedrooms upstairs. Two of the bedrooms are large. All the rooms have plenty of window space.

CENTRAL HALL PLAN

Living room and dining room are on the south side. They open together as one continuous room. Front den (or bedroom). Large kitchen. Enclosed back porch and also sunny verandah.

ESTATE, MUST SELL

Someone will get a good value here. Estate must sell. Here is an opportunity for family to be near high school, separate school, public school, and in a spot that is going ahead rapidly. Several new homes close by well built and very attractive. Price for quick sale only $3,900. Quick possession.

East Coal Miners May Lay Down Tools

SPRINGHILL, N.S., Oct. 1.—(CP)—As meat dealers in Springhill area remained on "strike" and refused to sell meat products in protest against rationing regulations, the United Mineworkers of America (CCL), Saturday night voted to send a resolution to Prime Minister King asking that the meat supply be "resumed." The miners said it would be impossible to continue at their work without meat.

3 British Brides Arrive in City

Three British war brides arrived at Edmonton's CNR station Monday morning, all of them are to take up residence here.

Mrs. Arthur Clough, one of the bride's said, "Everybody in Canada is so friendly and the country looks so wonderful, I know that I am just going to love it here."

The other brides were Mrs. D. Geddes and Mrs. G. Bevan. The husbands of three women returned to Canada several months ago and were on hand to meet their wives at the station.

All of them expressed appreciation to the Red Cross which was of great assistance to them during the long journey.

Mrs. T. H. Field and Mrs. B. Cameron, members of the British War Brides committee in Edmonton, were also at the station to welcome Edmonton's new residents.

Mountglen YMCA Conference Held

A training conference for committee members of the Mountglen Community YMCA was held at the central "Y" Sunday afternoon.

The program got underway at 2:30 p.m. with a sing-song led by Bill Pettigrew. The chairman, B. Farnham, gave the opening remarks and introductions were made by Ralph Young.

The girls' work program was outlined by Mrs. F. Young, and Miss Gywneth Jones and S. O. Ewing and Phil Fawcett gave a talk on boys' work. Membership was the topic of Jack McLean, followed by a report on finances by T. G. Morris. Ralph Young then gave a talk on the organization chart.

Greetings were extended from the national council by Robert Bonney, national physical education committee.

Merl Harding, secretary for physical education and transportation, national council, YMCA's of Canada, gave a talk on "Physical Education in Community YMCA's."

The conference finished with a tea, arranged and served by the Girl Leaders' Corps.

German Women Warned Against Fraternization

MUNICH, Oct. 1. — (AP) — Placards threatening reprisals against German women who fraternize with Americans are among the latest evidence of underground activity in Bavaria.

Incidents have been sporadic, but some are reported to have been perpetrated by remnants of SS (Elite Guard) units stranded in the Alps between Munich and Garmisch. Investigators have identified them as ragtag elements of the 377th SS Brigade, and the group is reported under surveillance as a nuisance which cold and hunger soon will force out of the hills into surrender.

Written in doggerel, placards were found on the Max Weber platz charging German girls were "selling themselves for cigarettes, sugar and chocolate."

Cafe Society Grows

Bright Lights Burn As Russians Enjoy A Little Night Life

By EDDY GILMORE

MOSCOW, Oct. 1.—(AP)—Russians do not live on meat and bread and five-year plans alone—they employ a little caviar, wine and, of late, a little of what has become known as night life.

Moscow has an expanding knot of cafe society, with several restaurants which cater to the pleasures of those who can afford them.

POOL OF TROUBLE—The swimming pool of her Beverly Hills home has "gotten me into a lot of trouble," chubby screen star Anne Baxter told Erskine Johnson, Hollywood columnist. "When people hear I have a pool, they say, 'Oh, oh, she's gone Hollywood.' But I just like to swim," she explained.

The brightest lights burn longest at two downtown establishments, the Moscow hotel and the Aurora restaurant. The Moscow is the city's newest hotel.

The Aurora is an old-time restaurant done in the grand classical style, with numerous statues of undraped ladies, and heavy dark furniture, stained glass and the best food in town.

START ABOUT NINE

Both establishments start their nightly program about 9 p.m., with a sedate mixed orchestra concentrating on what are known here as slow-foxes, which are adapted from the English slow fox trot, with a generous sprinkling of waltzes.

As the night progresses the orchestra gets livelier, usually with a vocal rendition of every other number in a full-breasted ballad type of performance. But no crooning.

Anywhere from 11 p.m. to midnight another shift of musicians goes to work.

The new arrivals usually make up a smaller band, featuring a piano, clarinet, trumpet and drums, with an occasional accordian or saxophone thrown in—and that's what I mean: thrown in.

MOSTLY ARMY MEN

Customers in these two big night spots are mostly in uniform—Red Army officers, officers from the Red fleet or fliers. The men usually outnumber women two to one.

It is acceptable for a lone man to approach a couple at another table and ask the girl's escort—ask him, mind you, not her—if he can dance with the girl. If the escort consents, and he usually does, the consent of the girl is sought. After the dance, the girl is ceremoniously returned to her escort, who in the meantime may have gone through the same procedure at another table.

An evening at the Eastern restaurant, run by Georgians, is a series of customers leaping to their feet and rushing to the small dance floor to perform a solo dance, amidst the wild applause of the other customers.

'Axis Sally' Sentenced As Traitor

Exclusive to The Edmonton Bulletin

ROME, Oct. 1.—(BUP)—Rita Zucca, "Axis Sally" of Italian propaganda broadcasts, was convicted Saturday of having intelligence with the enemy and sentenced to four years and five months imprisonment.

Miss Zucca, who was born in New York 29 years ago, was found guilty by an Italian military tribunal after a brief hearing. American authorities had turned her over to the Italians after determining that she had given up her United States citizenship.

She was notorious during the North African and Italian campaigns for her "sweetheart" broadcasts to American troops. She dwelt on the propaganda line that their fighting was senseless and futile, an. sought to demoralize them with the contrast between the pleasures at home and the rigors of the battlefield.

Miss Zucca broadcast over the Nazi-controlled Milan radio in the latter stage of the war in Italy, and was captured in the last days of the fighting.

Soldier Convicted Of Joining Mutiny Gets 5-Year Term

FARNBOROUGH, England, Oct. 1.—(CP)—Convicted by court martial of participation in VE-Day disturbances at Headley detention camp, Pte. Earl Oscar Greaville, 25, of Sudbury, Ont., today was sentenced to five years' penal servitude and Pte. Thomas Robert McKitterick of Montreal was sentenced to 23 months imprisonment.

Headquarters of Canadian reinforcement units announced that Greaville was convicted of joining in a mutiny by combining with other soldiers detained at the camp to damage barracks and set fire to a watchtower. He was acquitted on five lesser charges. McKitterick was convicted of riotous damage, participating in a disturbance and escaping barracks.

Victoria Butchers Cancelling Strike

VICTORIA, Oct. 1.—(CP)—All Victoria butcher shops will be open for business as usual on Tuesday, thus ending a protest strike against meat rationing which has been in force since Sept. 24. The executive of the Retail Butchers' Association announced following a meeting Saturday that stores would open Tuesday, thus giving butchers all day Monday to stock up. Although butchers have decided to end their strike, they will continue their efforts to have the meat rationing order rescinded, said a member of the executive.
